

# BULGARIA TORN BY CIVIL WAR

## Former Premier Is In Flight; Others Reported Killed

State of Civil War Is Recognized—Stamboulisky Is Hotly Pursued in Mountains, Bound for Pirdop on Horseback.

(By The Associated Press)  
TULSA, Okla., June 13.—The Arkansas river touched a point 19.08 feet above normal at 8 a. m. today and is expected to continue its rise for 36 hours.

(By The Associated Press)  
BELGRADE, June 13.—Despite the fact that the existence of a state of civil war throughout the greater part of Bulgaria. Former cabinet ministers, Obfio and Doupnaroff are said to have been killed in an engagement with revolting troops.

STAMBOULISKY FLEES.  
(By The Associated Press)  
SOFIA, June 13.—(5:30 p. m.)—Former Premier Stamboulisky accompanied by a single friend, is reported at this hour, fleeing on horseback through the mountains of central Bulgaria in the direction of the city of Pirdop, pursued by a squadron of revolutionary horsemen.

ANXIETY IS FELT IN ALLIED CAPITALS  
LONDON, June 13.—Great anxiety is entertained in Allied quarters over the course of events in Bulgaria. Fear is expressed that the peasantry which forms the backbone of the country, will rally to the call of their leaders recently deposed, some of whom are still at large and attempt a counter revolution.

It is pointed out that every one of the three million farmers of Bulgaria possesses a rifle and that if these were turned into action they would constitute a formidable army against the former officers of the reserve corps and the ten thousand volunteer soldiers, now no; only Bulgaria's sole army and disciplined force but the dominant factor in the situation. The chief points of strength, it is believed, is the fact that all of the farmers are busy gathering crops. They are regarded as being too philosophical and provident to be attracted by a call to arms. Allied diplomats who have been in Bulgaria and who understand the psychology of the peasants, say that much will depend on the new government treatment of Stamboulisky and his associates, all of whom sprang from the soil.

Soviet Correspondence Concluded.  
(By The Associated Press)  
LONDON, June 13.—The British reply to the last Russian note states the Soviet government having complied with the conditions of the demands forwarded by His Majesty's government this correspondence may now be brought to a conclusion.

## Plans Made For Striking Parade On Eve Of Bond Issue Election

Appointment of committees to work every ward of the city and initial plans for a mammoth parade to be staged Monday evening, depicting why the \$350,000 school bond issue should go over, were the high lights at the meeting this morning of the committee of Commerce of the committees representing the various clubs and organizations in the city working for its success next Tuesday. The meeting was opened by Dr. J. C. Harrison who outlined the importance of a systematic organization in working towards the ultimate goal—better school facilities for Danville. Mrs. Archibald Keen was unanimously selected as general chairman for the drive, and with the assistance of the representative gathering, present named the following ward subcommittees and chairman:

First ward—Mrs. M. Watson and W. E. Meade; second ward, Mrs. R. L. Peerman; Mrs. L. L. Kaufman and Mrs. L. D. Crumpler; third ward, Mrs. J. L. Jennings and George Meade; fourth ward, Mrs. J. M. Edmunds, chairman; fifth and sixth wards to be named by Mrs. Keen. These committees will strive to reach all voters in the city and distribute handbills giving information on the bond issue and the comparatively low increase in taxation that will accompany its passage. Numerous informing and forceful talks were made by many prominent citizens and the best methods to assure success of the bond issue. H. E. Phillips, of the school board, stated that, contrary to the opinion of

## Rotary Factor In World Affairs H. R. Fitzgerald Tells Lynchburgers

H. R. Fitzgerald, president of the Danville Rotary club was absent from the fortnightly meeting yesterday. He paid a flying trip to Lynchburg where he was invited to make an address before the Rotarians of that city. The trip was a hurried one. Mr. Fitzgerald left Danville by train at 10 o'clock and was back in Danville by about 4 o'clock. He spoke to about a hundred members of the Lynchburg club. His topic being "Present Day Problems."

Fitzgerald wore his remarks around the "Golden Rule" policy which he was largely instrumental in establishing successfully in the local textile plant.

After all he said the "Golden Rule" offered the only real solution and that regard for the other fellow's view-

## Late News Bulletins

(By The Associated Press)  
MAYENCE, June 13.—The death penalty has been imposed by a French court martial here today upon the German engineer George of the Baden Aniline and Soda Works at Ludwigshafen, charged with sabotage. The French authorities say he confessed.

(By The Associated Press)  
SAN FRANCISCO, June 13.—O. W. Kern, of Oakland, Calif., vice president of the Brotherhood of Locomotive Firemen and Enginemen, died at his home here today after a three months illness. Kern, who was 52 years old, was widely known among railway men throughout the United States and Canada. He leaves a widow, one son and two daughters. He was a native of Ohio.

(By The Associated Press)  
WASHINGTON, June 13.—Frederick I. Thompson, of Mobile, Ala., has been appointed by President Harding for another term of office as a member of the Shipping Board.

## Farm Agent Work To Be Continued

The supervisors of Pittsylvania county have agreed to continue provisionally the office of county demonstration agent. While the name of the successor to W. M. Perry now in the Virgin Islands has not been communicated to the board of supervisors on record as willing to continue the office until December 31st after which date a new board of supervisors will have come into existence and at which time some definite decision will be reached on the question of continuing the work. The details have been with the authorities of the extension division of the V. P. I. at Blacksburg from which institution Mr. Perry's successor is likely to come.

## Cotton Market Is Rather Unsettled

(By The Associated Press)  
NEW YORK, June 13.—The cotton market had rather an unsettled appearance and fluctuations were regular during the early trading today. Buying was encouraged by firm cables but the weather map was more favorable. The opening was steady at a decline of 17 to 20 points net higher.

—Messrs Arthur Vernon and W. R. Vernon, left last night for their home in Dallas, Texas, after attending the funeral of their brother, Henry Vernon.

## Plans Made For Striking Parade On Eve Of Bond Issue Election

Appointment of committees to work every ward of the city and initial plans for a mammoth parade to be staged Monday evening, depicting why the \$350,000 school bond issue should go over, were the high lights at the meeting this morning of the committee of Commerce of the committees representing the various clubs and organizations in the city working for its success next Tuesday. The meeting was opened by Dr. J. C. Harrison who outlined the importance of a systematic organization in working towards the ultimate goal—better school facilities for Danville. Mrs. Archibald Keen was unanimously selected as general chairman for the drive, and with the assistance of the representative gathering, present named the following ward subcommittees and chairman:

First ward—Mrs. M. Watson and W. E. Meade; second ward, Mrs. R. L. Peerman; Mrs. L. L. Kaufman and Mrs. L. D. Crumpler; third ward, Mrs. J. L. Jennings and George Meade; fourth ward, Mrs. J. M. Edmunds, chairman; fifth and sixth wards to be named by Mrs. Keen. These committees will strive to reach all voters in the city and distribute handbills giving information on the bond issue and the comparatively low increase in taxation that will accompany its passage. Numerous informing and forceful talks were made by many prominent citizens and the best methods to assure success of the bond issue. H. E. Phillips, of the school board, stated that, contrary to the opinion of

some, the school board was heartily in favor of the issue. H. R. Fitzgerald spoke of the necessity of broadening city schools, and brought out the point that, although the citizens remain indifferent and the issue is "lost by vote" that the better school facilities program will not be eliminated but will eventually come if through no other manner than law requirements of sufficient school facilities. A step like this, said the speaker, would mean an immediate saving of money rather than a low tax assessment as would be brought about by the present issue.

## Rotary Factor In World Affairs H. R. Fitzgerald Tells Lynchburgers

H. R. Fitzgerald, president of the Danville Rotary club was absent from the fortnightly meeting yesterday. He paid a flying trip to Lynchburg where he was invited to make an address before the Rotarians of that city. The trip was a hurried one. After all he said the "Golden Rule" offered the only real solution and that regard for the other fellow's view-

# INJUNCTION PAPERS PREPARED

Will Make Bow To Capital

Miss Betty Byrne is on the list of debutantes who, it is announced, will be presented to Washington society next season. She is the daughter of former Chief Justice Peelle of the U. S. Court of Claims and Mrs. Peelle.

## Americans In China Aroused To Action

Conditions Described as Worst Since Boxer Outbreak—American Lives Endangered.

(By The Associated Press)  
SHANGHAI, June 13.—Conditions in China were termed "the worst since the Boxer outbreak" in a statement today in which the American Association of China and the American Chamber of Commerce of Shanghai united. The organizations agreed "that American lives and liberty are endangered and their prestige and business are being destroyed by lack of strong action."

A cable of protest was sent to the Secretary of State in Washington. It was charged that the Chinese were continuing outrages against foreigners that American vessels had been fired on up the Yangtze river and the American flag insulted. American gunboats were said to be inadequate to protect their nationals. Chinese officials were accused of violating the treaty in refusing to protect foreigners. Travel between treaty ports on land and water was termed unsafe and the despatch of cargoes was prevented while the entire traffic was encouraged and flourished.

## Two Boys Charged With Attempting To Break Into Store

Norman James and Cleve Jones, two white boys, were arrested early this morning by the police and charged with breaking into the store of Henry Sakellaris on Pickett street. Two boys were placed in jail and this morning in Mayor's Court their case was continued until Friday.

Last night shortly after midnight people on Pickett street were awakened by the sound of breaking glass. One man got up and saw the two boys attempting to get into the Sakellaris store. The two boys ran when they discovered that they had been seen. Sakellaris was notified and he in turn notified the police.

## Liquor Traffic On Detroit River To Be Stamped Out

(By The Associated Press)  
DETROIT, Mich., June 13.—Plans for what is expected to be the most crushing blow ever dealt to the illicit liquor traffic in the Detroit river district were made here today at a series of conferences between E. C. Feltz, chief field representative Federal Prohibition Enforcement, James R. Davis, Federal Prohibition Director for Michigan and Earl J. Davis, U. S. district attorney for the Eastern District.

—J. A. Conway, Jr., who has been teaching school at Hot Springs, Va., is spending the summer vacation at home at Spring Garden, Va.

—Miss Lucile Walton who has been attending Farmville Normal, has returned home.

Life Insurance—"Buy from Bass."

## Director Savage Back At Camp

Physical Director George H. Savage, who returned to the Danville V. M. C. A. Boys' camp near Natural Bridge, Va., last Monday, writes that he found everything in splendid condition and that he was very much pleased with the work carried on by Oscar Hylar and the camp leaders during his absence.

The hike to Natural Bridge on last Saturday was one of the big events of the camp and was thoroughly enjoyed by all of the boys. Other interesting hikes are planned during the remaining days of the camp. Many of the boys are requesting that the camp shall continue for two extra days so that it would close on next Wednesday rather than next Monday. If a sufficient number of parents are willing for the boys to stay, arrangements will be made to grant the request of the boys.

Mr. Savage reports that the rains have interfered with the program of the camp somewhat but the camp huts are all in good condition and afford ample protection from the weather.

Plans are now being worked out for the annual swimming campaign, the details of which will be announced within the next few days. A large number of men and boys learn how to swim in the V. M. C. A. pool each year. The purpose of this campaign is to place this privilege within the reach of every man and boy absolutely free of charge to non-members as well as members.

The regular monthly meeting of the board of directors of the Danville Young Men's Christian association will be held in the directors' room at 5 p. m. on Friday, June 15.

The usual routine of business will be transacted at this meeting.

## French Rebel For Missing Wine On Vessel In Port

(By The Associated Press)  
NEW YORK, June 13.—Nearly half the crew of the French liner steamer France, served notice on her captain as the vessel sailed today that it would refuse to make another trip to America on her current arrangements were made so that they could get two daily rations of wine provided by the French law.

The captain declared the France would return on schedule if he had to resort to the American Association of Merchants Marine College, Captain Allette, marine superintendent of the French line, said there had been no threat to strike on this voyage and that the France went out with a full crew. Wine rations will be doled out as soon as the France passes the three mile limit. At the same time, the "wet" stores of the ship, which were rigidly sealed while the France was here, will be available to passengers.

## Lloyd George To Visit U. S. Soon

(By Chicago Tribune Service)  
LONDON, June 13.—According to the Daily Telegraph, former Prime Minister Lloyd George has arranged for a visit to the United States some time in October, when he will be accompanied by his wife, dame Margaret Lloyd George. While the former premier undoubtedly will make several speeches on public occasions during his trip, there is no truth in the report that he has entered into an agreement for a regular lecture tour.

## Wilmington Chief To Marry Girl He Has Never Seen

(By Chicago Tribune Service)  
BUFFALO, N. Y., June 12.—Chief of Police Cashwell, of Wilmington, N. C., who is here attending the police chiefs' conference, will leave Friday for Los Angeles to marry a girl he has never seen. His romance with Miss Louise Moore, of Los Angeles has extended over a period of 20 years and has been conducted entirely by mail.

—Miss Virginia Ferguson who has been attending R. M. W. C. L. Luncheon Club, has returned home for the summer vacation.

—Miss Carrie Anderson who has been attending R. M. W. C. L. Luncheon Club, has returned home for the summer vacation.

## DANVILLE'S FIRST ROOF GARDEN A VICTIM TO MARCH OF PROGRESS

Another of Danville's lines with the past is now in course of destruction. The old Voss house on Main street, known as the "Y. V. A." which is being torn down to make room for F. W. Townes and Sons new funeral home. The old building—or part of it—was literally Danville's first roof garden.

Dr. T. L. Sednor who had owned the house for the last twenty years, was asked about the history of the old home this morning and he readily furnished some interesting data on it. As far as Dr. Sednor could recall the original house—a one-story cottage was built on the site in about 1858 by J. C. Voss, a well-to-do merchant tailor. The little home, he said, was unusually attractive in that it was surrounded on three sides by mulberry trees and had a beautiful terraced garden. Mrs. Voss being a devotee of flowers and shrubs. On the roof of the cottage there was a garden with a variety of plants. The plants were kept in place on summer evenings to which an access was had through the inside of the old home.

The house was that occupied until the date of the Civil War when Mr. Voss undertook to enlarge the home, adding another story to it. The building now being razed, Dr. Sednor relates, is really a part of the old original one-story cottage. Mr. and Mrs. Voss occupied the house for several years after the property was purchased by Dr. Sednor and eighteen years ago he added to the house, putting on two wings. It then successively passed into the hands of J. C. Gilev, E. C. Atrey and finally to Mr. Townes.

## Library Question Is About to Enter Litigation Stage

### Mrs. Cunningham Is Granted Absolute Divorce By Court

An absolute divorce was granted Mrs. Cora G. Cunningham, wife of William E. Cunningham, at the hearing before Judge D. Price Withers today. Neither Mrs. Cunningham nor W. E. Cunningham were present at the proceedings. Mrs. Cunningham and her daughter, Miss Cora Cunningham, are living in New York. W. E. Cunningham is in the State penitentiary at Richmond.

Thus is brought to a close a long story of domestic wrangling that finally brought W. E. Cunningham a four-year term in the State penitentiary for attempting to kill his wife and cause Mrs. Cunningham to move away from the scene of so much family trouble.

### Mrs. Sallie Daniel Buried This Morning

Mrs. Sallie A. Daniel, who died early yesterday morning after a lingering illness, was buried this morning in Leemont cemetery following funeral services which were held at the home of her daughter, Mrs. Claude H. Vaden, 909 Grove street.

The pall bearers were: Charles McLaughlin, W. E. Murrie, Rev. J. T. Allen had charge of the H. M. Martin, D. B. Gardner, M. O. Nelson, H. E. Furgerson.

### Makes Reply To Council Letter

H. C. Ficklen this afternoon presented the appended statement which is a reply to a letter received from him by the clerk of the council relative to the development of Westmoreland court.

"I deny as untrue the implication that I am not complying with a demand by which certain property of mine is to be improved by paving."

"The letter of May 8th you referred to in your last issue reveals the ignorance of the committee, or its chairman, of the fact that the street had been 're-recorded' and sewer, gas and water mains laid nearly a year before."

### Chinese Militarists Threaten To Seize Peking Unless Pres. Li Quits

(By The Associated Press)  
PEKING, June 13.—President Li-Yuan Hunz, who has been pressed by the militarists to resign, left today for Tient Sin. This morning the militarists said a final warning that unless the president vacated his office they

### Perfect Acoustics Planned For Schoolfield's New Band Stand

Contract has been let for the construction of a new band stand for the Schoolfield band which is to be erected on the hill close to the water tanks and known as Schoolfield reservoir park. H. A. Osborne and Son were the successful bidders for the new building which will cost about \$2,000 and which is to be completed within six days. The bandstand will have several unique features, the principal one of these being special equipment to make it perfect in point of acoustics. Specifications for the building provide for a high back of spruce or cypress. A distance of five feet will be at the bottom of the stand. The bandstand will be of classic design and with a white stucco finish. It will be 20 feet by 30 feet.

### Counsel for Protesting Organizations Will File Chancery Suit to Determine City's Right to Build on Mansion Grounds.

Injunction proceedings designed to prevent the building of a free library on the Memorial mansion property, will be started possibly today but probably tomorrow. This was learned this morning from Henry C. Leigh, counsel for the organizations which have united in opposing the library structure on the site donated recently by the city council.

Mr. Leigh stated that the time of filing the suit would depend on when he could get a sufficient number of the members of the organizations he represents together to sign the bill, but he indicated that the library controversy would reach the stage of actual litigation tomorrow.

The effect of the chancery suit will be virtually a request of Judge Price Withers for a declaratory opinion on the rights of the city to permit the library on the Mansion grounds under the terms of the deed by which the property was conveyed to the city in 1913. Should the case be carried to the Supreme court, it would probably be a full year before the litigation were ended and it is unlikely that any development of the library project would be undertaken during a legal settlement.

Considerable activity was noted yesterday in the library matter and a stenographer was in the city hall, copying the records and preparing the other papers necessary for injunction proceedings. There is a possibility of other litigation since donors of the library building have requested that she be reimbursed for her initial expenses in drawing up the plans for a library and her travelling expenses in going to various cities to study the best library structures in nearby areas. These expenses will be approximately two thousand dollars.

It was indicated in quarters close to Miss Schoolfield that the injunction proceedings would not be contested and that the donors would be willing to have the library building since she was impelled by humanitarian promptings to give the city something which its people could enjoy. It was also believed that in the light of her recent letter asking to be released from the contract any court proceedings on the matter would be avoided.

Some suggested, however, that since she is held to her original contract with the council that she would be forced into a legal battle in order to live up to the contract from which she was refused at the meeting of the council on Monday.

No information could be secured from M. K. Harris, counsel for Miss Bland Schoolfield, who offered the library building, when she was asked whether or not she would be pursued. He indicated that he had received no instructions from his client relative to the injunction contingency and for that reason could make no authorized statement.

### JOHNSTON-LEA MARRIAGE.

A marriage of interest to the friends and relatives of Caswell county and of this city was solemnized at "Forester" the home of Mr. and Mrs. William Lea, on June 6, at 5 o'clock, when their attractive daughter, Miss M. Pearl Lea, became the bride of W. R. Johnston, a very prominent business man of Mooresville, N. C.

## HIGH SCHOOL ALUMNI ARE ASKED TO MEET

A call has been issued for a meeting of the members of the 1923 class of the Danville High school and all alumni of the school to be held at the High School today at 12:30 o'clock. The purpose of the meeting is to make plans for a mass attendance of the alumni of the High school at the annual meeting of the Stone-Well Jackson school Thursday night at 8 o'clock, at which time the bond issue for schools will be discussed. It is planned that the High school alumni take part in the program for tomorrow night at the northside school. A full attendance is urged at the meeting to be held today.

### DEMONSTRATION SUCCESS

The cooking demonstration being held at the Bledsoe Furniture Co. will be continued through today. The demonstration which is in charge of Miss Margaret Proctor, domestic science teacher of the Danville High school, has been drawing large crowds each day.

—Mr. C. M. Howard of Louisville, is visiting his mother, Mrs. C. A. Howard, Chestnut street.

## No More Wrinkles!

### New Discovery Smooths Them Away—Like Magic

SCIENCE has perfected a remarkable new treatment—which is guaranteed to remove every tired line and wrinkle, no matter how deep seated it may be!

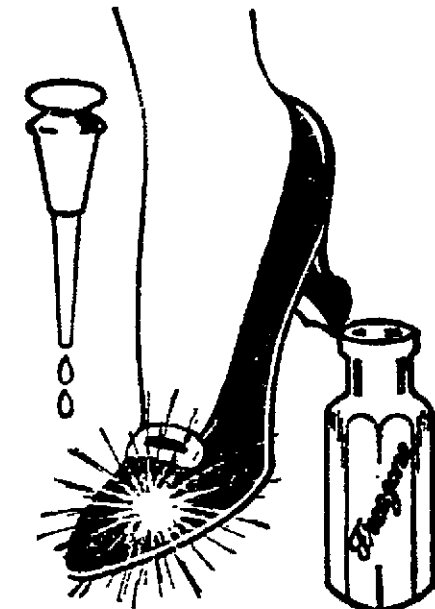

Nothing like this new treatment has ever been known before. You just press a small quantity of a delightfully fragrant cream into the wrinkles, let it remain for a short while, then remove it. As if by magic each line and wrinkle is gently lifted away, revealing a charming new youthful complexion. Even after the first few days, the face appears years younger looking. This new discovery is called Domino Wrinkle Cream. Women everywhere say it is the greatest beauty discovery in years. For it proves that there is no longer any excuse for beauty-spilling wrinkles. Why let unsightly lines and wrinkles rob you of your attractiveness when they can now be so easily banished? Get Domino Wrinkle Cream today. Sold by all good drug and department stores.

### DOMINO WRINKLE CREAM

On Sale at Patterson Drug Co., Jacobs Drug Co., Frank B. McFall, J. C. McFall.

## Corns

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Frezzone" on an aching corn. Instantly that corn stops hurting, then shortly you lift it right off with your fingers. Truly!

Your druggist sells a tiny bottle of "Frezzone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation—adv.

## HELP FOR EXPECTANT MOTHERS

Many Cases Reported of Women Being Kept in a Normal, Healthy Condition by Lydia E. Pinkham's Vegetable Compound

Mothers transmit to their children the blessings of a healthy constitution. How important, therefore, for the child, as well as for the mother, that she should carefully guard her health during the trying pre-natal period. Preparation for a healthy maternity is accomplished by the use of Lydia E. Pinkham's Vegetable Compound, as evidenced by the following letters:

Trenton, N. J.—"I took Lydia E. Pinkham's Vegetable Compound before my child's birth on the advice of my mother for nervousness and weakness. I was irritable, cranky and easily worried. Household seemed so hard, and at times I was really unfit to do it. Lydia E. Pinkham's Vegetable Compound overcame this condition, my nervousness disappeared and I felt like a different person entirely, and I hope this letter will lead other women to the opportunity to try it."—Mrs. L. B. BOCKOVER, 188 Kirkbride Avenue, Trenton, N. J.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

### MISS NORMA HOLDEN BRIDE OF H. N. HOWARD

### ROCKY MOUNT, N. C., June 12—

One of the most beautiful weddings of the early summer occurred Tuesday morning at the home of Mr. and Mrs. Herbert L. Holden, in Edgemont, when their daughter, Miss Norma, became the bride of H. Neal Howard, and in the presence of a number of relatives and close friends.

The Holden home was beautifully decorated for the occasion with statuary, palms, ferns and crapeolus. The house was lighted by numerous candles, and the wedding party was seated for the charming bridal scene.

Prior to the ceremony, Mrs. William L. Thorpe, the bride's sister, beautifully sang, "Because." Then to the strains of the bridal chorus "From Lohengrin," the wedding party descended the stair, crossed the hall and entered the living room.

Rev. E. H. Black, pastor of the Oxford Methodist church, was the first to offer for the wedding ceremony. Howard, Jr., of Louisiana, ring bearer. Next to enter was Mrs. Jeff L. Abbott, the bride's lovely sister, as dame of honor. She wore lavender or-gandy with large black hat and carried an armful of Russell roses.

The bride entered with her father, who gave her in marriage. She wore a tulle of navy point tulle, with which she wore gray accessories. Her carriage was of bride's-roses and lilies of the valley.

Mr. Howard was attended by his best man, C. M. Howard, of Louisville.

The bride is the third lovely daughter of Mr. and Mrs. Herbert Holden, the Holden girls bearing the reputation of being among the most beautiful girls of the state. Mrs. Howard was graduated from the North Carolina College for Women and has been a member of the Rocky Mount public school faculty for the past two years. Mr. Howard is associated with the Co-operative Tobacco Company in this city, coming here from Danville, Va., several years ago. He served in the world war and was in France for two years. He is the son of Mrs. C. A. Howard, of Danville.

Mr. and Mrs. Howard left immediately after the ceremony for a wedding trip to New York. On their return they will make their home for the present at Dr. I. P. Battle's on Sunset Avenue.

Among the out of town guests here for the wedding were: Mrs. C. A. Howard, Danville, Va.; Misses Virginia and Ruby Howard, of Danville; Mrs. Fanny C. Howard, Danville; Mrs. R. A. King, Feibach; Mrs. C. M. Howard, Louisville; Morton Richardson, Danville; Mr. and Mrs. W. D. Hackney, Jr., Masters William and Douglas Hackney, Wilson; Mrs. W. D. Hackney, Wilson; Mesdames S. W. Richardson, Tom Hackney and Miss Eliza Hackney, Wilson.

—Mr. and Mrs. Neal Howard have returned from New York and are now visiting his mother, Mrs. C. A. Howard, Chestnut St.

## Wilborn's Anti-Rum Crusade In South Boston Wins His Re-Election

SOUTH BOSTON, Va., June 12—

James B. Wilborn was re-elected mayor of South Boston in the municipal election held here today. His vote being 505 to 78 given his opponent John N. Bane. The total vote was 583.

The following councilmen were elected: E. F. Walker, 510 votes; C. B. Lacy, 474 votes; J. R. Allread, 462 votes; P. H. Johnson, 458 votes; E. A. Blackard, 440 votes; E. R. Farmer, 401 votes; W. C. Slate, with 390 votes and H. P. Widner, with 151 votes, were the defeated candidates for aldermanic positions.

The mayor and the six councilmen elected will take office next September.

There was a heavy vote cast in the election, the woman vote being especially heavy.

Mayor Wilborn was first elected in 1921, one of the youngest men ever named for the position. During his tenure of office he has made a splendid record. Under his leadership the city has reduced its indebtedness \$30,000 each year. He put through a budget system that has gone far toward solving the city's financial problems. His record on the prohibition question is an admirable one. He has spared no efforts to clean the town of rum runners and bootleggers. His strict enforcement of the law has attracted much attention.

Brief sketches of the successful

candidates for the council follows:

E. F. Walker, a well known groceryman, who has been in this community, and has been very successful, having served three terms in the capacity of councilman, and is considered safe and conservative.

L. E. Lacy, editor of the Halifax Gazette, a resident of South Boston for about fifteen years.

P. H. Johnson who has operated the Johnson furniture business for the past four years is considered a good business man and has been successful in all his undertakings. He has always stood by good government and fair treatment to all citizens. He has served one term on the City Council.

J. R. Allread, a retail merchant of the West end section, and of high standing in his community.

E. A. Blackard assistant cashier of the Planters and Merchants National Bank is very popular among our people, has lived here for about four years, and is connected with the Young Men's Business Club, and is considered a very successful business man.

E. R. Farmer, a civil engineer who has served one term on the City Council and has made a good many friends, and has served in the capacity of city engineer on many occasions and has been of much service to the city. He is chairman of the street committee.

## Strong Appeals Made For Bond Issue's Success At Rison Park

The real opening guns for the school bond election which took place next Tuesday were fired at a mass meeting held in the Rison Park school building last night. Threatening weather prevented a very large attendance but the gathering was fairly representative of the various sections of the city. There were a number of speakers all of whom were in favor of the proposed school expansion.

The last night's meeting will be followed up today by a mass meeting of citizens in the Chamber of Commerce rooms at 10 a. m. Each one at the meeting last night was urged to come and bring as many voters as possible.

On Thursday night another mass meeting will be held at the Stone-Well Jackson school. The High School graduating class will attend this gathering in mass and will have a part on the program.

After Dr. J. C. Harrison called the meeting to order last night, Superintendent Griggs gave a comprehensive explanation of the purpose and the scope of the proposed bond election. He said it was a good thing for the citizen of the city to get together and talk the matter over as every word uttered for or against the bond issue did that much toward settling up in the minds of the citizens the question of the expansion of the school. The speaker said that the proposed bond election was necessary to carry a bond election, Mr. Griggs said it would be a thing that should be broadcasted that there could not be aroused enough interest in the bond issue, which was for the improvement of the city, to get out enough voters.

He then launched into the bond issue subject proper. The first question he answered in this connection was the one he said he had heard asked most, namely, Who is to spend the money raised from the bond issue? In answering this question he said that the school board which he considered as competent as any one with whom he had ever had any thing to do would spend the money. He said that the school board which has been in charge of the school for the past few years would be in charge of the same business and that it was in the past. These questions he said would be spent in the way possible to benefit the people of Danville.

Dr. Harrison then discussed the question of the school expansion and said that it was a thing that should be broadcasted that there could not be aroused enough interest in the bond issue, which was for the improvement of the city, to get out enough voters.

of fire escapes at the negro school and the responsibility, the superintendent of school owed to public.

Mr. Watkins made a very interesting address in behalf of the expansion of the schools, and heartily endorsed the movement as worthy of the support of every citizen of Danville. "Nothing is so vital to us as the future of our children," he declared. He then appealed to all present to get behind the movement in earnest and organize every ward in the city, and to get out and work for the expansion of the schools.

E. J. Saari, secretary of the Young Men's Business Club made a talk in behalf of the school bond election, and urged every citizen for the bond issue to get to work for it.

Dr. Shelburne before leaving for Richmond made an earnest appeal for the enlargement of the school facilities. He said it was the duty of those with money to help provide adequate school for the citizen, not only as a social act but as a business matter as new comers to a city always wanted to know about the school facilities before moving to a city.

Mr. Watkins again took the floor and made a further discussion of the issue. He said that he expected to see more men out. He then told the women present "Don't let your husbands stay at home and not work for the school improvement. Don't let the school recesses rest until you get the word."

Bryan Herd, architect, on being called on to discuss the school needs, drew a comparison with other cities. He stated that many other cities in the state had built many schools while Danville had remained at practically a standstill.

It remained for Miss Charles Anthony and Miss Grace Bagley to give concrete examples of the over-crowded condition of the schools of the city. Miss Anthony said that Rison Park school was built to take care of 300 pupils and now it was caring for 600 pupils. She also pointed out that the auditorium at commencement would not seat the school children, much less patrons.

Miss Bagley responding to a question as to whether or not it was true that many of the school children at Rison Park had to climb down the fire escapes to get out quickly at recesses. She acknowledged that it was true. Other teachers present were of the same opinion of a new school at Belvue, and the improvement and enlarging of other schools of the city. The proposed improvements before outlined in detail through The Register and The Bee. In this connection Mr. Griggs talked on the need

Griggs talked on the need of fire escapes at the negro school and the responsibility, the superintendent of school owed to public.

In answer to the question that some had raised about \$350,000 being too much, it was declared by several present, that at least \$150,000 would be needed to build a junior high school alone, and this would not provide for the needs of other parts of the city.

Dr. Harrison, president of the school board, then read a communication from the Council Fire Committee, condemning the negro school of Halbrook avenue as a fire hazard.

At this time some one ventured the question, "Would Council let the school board use the money raised by the bond issue or turn it to salaries or some other purposes?" It was explained by Dr. Harrison, Supt. Griggs, and others that such a course could not be followed.

"What will be the condition of the public schools if we do not get the bond issue?" was another question put. Dr. Harrison answered that it would mean that many Danville children would be deprived of schooling. Now twenty groups are forced to go to school only half time, and there are only ten teachers for these twenty groups, and in the failure of the carrying of the bond issue our schools will have to continue in the same old way.

At this point of the discussion plans for the distributing of the money to be raised from the proposed bond election were outlined. Several of the speakers thought that \$350,000 would hardly cover the growing school needs of the city.

Answer also was made to the rumor that has become broadcast that it is proposed to build a swimming pool in Green Street Park. This was termed as preposterous and absolutely without grounds. In talking on this question Henry Watkins, secretary of the Chamber of Commerce said, "One fool could ask more questions in a day than Solomon could answer in a year."

In this connection Miss Bagley said that one class during the last session had to use the auditorium as a class room.

## County W. C. T. U. Held Meeting In Chatham Tuesday

The Pittsylvania county Woman's Christian Temperance Union held its quarterly meeting yesterday afternoon in the Chatham Baptist church, and not at Concord Methodist church, near Chatham, as had been previously announced and as was published yesterday. The change was made because of bad weather and the impassable condition of the roads.

A large delegation from Danville went over for the meeting and when they reached Chatham it was discovered that the sessions had been called off because of unpropitious weather and muddy highways. However, Mrs. T. J. Fitzgerald, of Chatham, county president of the W. C. T. U., got busy and got in touch with most of the members in Chatham and as many as possible in the county and a meeting was held yesterday afternoon in Chatham. Probably 100 members attended, half of this number being from the three Danville units.

A number of changes were made in the program as carried out that differed from an account published yesterday. First there was no morning sessions, but only an afternoon session. The Rev. S. B. Williams, pastor of the Pittsylvania circuit, was not present and made no speech. There was no account published picnic dinner to be enjoyed by all present.

It was decided at the meeting that the W. T. C. U. would investigate

carefully all county aspirants for political offices. It was the consensus of the members that only dry candidates would receive the support of the organization. One dry candidate, H. D. Sheppard, aspirant for the State legislature, was present and made a speech in which he promised his support to all measures looking to dry enforcement.

The unusually large delegation from the three Danville unions, was most encouraging. There was also a large representation from Cabell street, Loyal Temperance Union, an organization of young people.

The Rev. O. B. Newton, pastor of Cabell street Methodist church, made an interesting address on the "Constitution on Law Enforcement." W. T. Shelton, of Danville, state prohibition inspector, was another speaker. Mr. Shelton pledged his support to the work of the organization and congratulated the unions on the work accomplished.

Mrs. Emma Howard, of Boston, Mass., national representative, was present at the meeting and told of the advancement of the prohibition cause in the United States. She asserted that conditions in this country had been vastly improved by the eighteenth amendment and the Volstead act. In relating her experiences in the various countries of Europe the speaker stated that Europe was looking to America to furnish ideals for the fight against liquor.

Miss Betty Lee, of Danville, for years a prominent member of the W. C. T. U., was present at the meeting and made a brief talk in her happiest vein.

The W. T. C. U. has been gaining ground steadily in Pittsylvania county and at present has over 600 members.

The next quarterly meeting will be held in September at Chatham.

—Mrs. Preston S. Cotten and son, Bob, who have been visiting her mother, Mrs. Anne Noell Strange, 724 Main street, for several weeks has returned to her home in Boston.

## FUNERAL OF E. F. BEE

The funeral services of Edward F. Bee, who died at the residence of his daughter, Mrs. W. T. Murphy on Cabell street early Monday morning, were conducted by the Rev. J. Clyde Hildner from the home yesterday afternoon at two o'clock in the presence of a large gathering of relatives and friends. The pallbearers were his sons as follows: J. E. Bee, F. A. Bee, J. W. Bee, L. E. Bee and F. W. Bee. The services were borne by his grand children, Zettie Bee, Martin Bee, James Bee, Kathleen Bee, Mrs. Jannie Hoffinger, E. L. Bee, Catharine Doolin, Beulah Young, Kathleen Doolin and Alma Doolin. The interment was made in the family burial grounds near Mayfield.

## FIGHT ENDS IN DRAW.

(By The Associated Press) NEW YORK, June 12—"Babe" Herman of Los Angeles and "Kid" Kaplan of Meriden, Conn., featherweights, slugged 12 rounds tonight to an official draw. Kaplan took the first, second, ninth and tenth rounds. The third, fourth, eleventh and twelfth went to Herman and the others appeared even.

## Agnes Wilder Is Made Defendant In Divorce Suit

(By Chicago Tribune Service)  
CHICAGO, June 13.—Wild and unprovoked desertion, despite his frequent efforts at reconciliation, is charged against Agnes Wilder, only daughter of James Patton, millionaire wheat king, in a suit for divorce filed today by Laurence H. Wilder, engineer, clubman and son of John R. Wilder, head of a tanning company.

When the couple were married on Christmas Day, 1911, the event was marked by the utmost simplicity and was hailed by the wheat king as a triumph of love over the handicaps created by the great wealth of the parents of the young people.

Something went amiss, however, and for months before her sudden departure to Monrovia, Cal., with their three adopted children, in 1921, attorneys for Wilder said she refused to live with Wilder as his wife, although continuing to reside under the same roof.

Rumors of infidelity which followed soon after the marriage, were hushed from time to time, as the young couple adopted the hope of bridging domestic crises.

## DAN RIVER SCHOOL COMEDY AT CHATHAM

After having presented their pleasing comedy, "As a Woman Thinketh," at Dan River high school to a packed auditorium on two occasions, and again at Callands high school last Saturday night to a large audience, the senior class of Dan River high school will again present this play at Chatham high school Thursday night, June 14, at 8:15, for the benefit of Chatham high school and Dan River high school.

That the boys and girls who present this play were well rewarded for their hard work and time in getting up this play, was clearly shown at each performance by the generous donations of the audience, and the fact that the play was presented by a high school cast of actors. Each actor is to be complimented on individual parts and cooperation in the portrayal of characters. From a pastor and his wife, who are but relics of a bygone age, to the mother of the home—Mrs. Weeden, which is played by Miss Lea, and about whom the whole play revolves, just as natural as the life in the average home centers and revolves about the mother of that home. The presentation of this play has proved to be an eye-opener to each one who has seen it presented, as well as a side-splitting comedy, affording a softer feeling towards the wife and mother in the average home of the present time. "All 16 characters as a whole, and each one individually, help in making this one of the best comedies ever presented by a high school cast," is the description given to "As a Woman Thinketh" by many rural theatergoers who frequently attend the best productions in nearby cities.

"As a Woman Thinketh" is one of Pain's best comedies, containing a good moral lesson, besides abounding in comedy with plenty of action. A special musical program will be rendered during intermissions by Danville's best musical and vocal talent. This will well be worth four trips to Chatham to hear, as well as the presentation of "As a Woman Thinketh."

—Miss Marie Winkler has returned to the city after completing her university course at Columbia where she was awarded her A. B. degree. Mrs. Norman F. Hunnertell and small daughter, Anne Noell, are guests of her mother, Mrs. Anne N. Strange.

—Fred Clarke is seriously ill at his home, 640 Cabell street.

## Sweden Plans to Spend \$12,600,000 for Railroad

STOCKHOLM, June 13.—The first coast to coast railroad electrification in the world, extending from Stockholm, on the Baltic Sea, to Gothenburg, on the North Sea, is heralded in the official report just made to the Swedish government by the State Railways Administration, that it is empowered to begin immediately the expenditure of the 23,000,000 crowns which have already been appropriated toward this project.

This is an important step in the great movement which has already resulted in the electrification of hundreds of leading industrial establishments, and at least 50 per cent. of all the farming area in Sweden.

## Ex-Ambassador Wiedfeldt Now Hailed As Hoover Of Germany

By JOHN CLAYTON  
(Copyright, 1923, Chicago Tribune.)  
BERLIN, June 13.—The ex-ambassador to the United States, Count Krupp von Bohlen und Holbach from his prison cell asked to accept his title, work and full power as president of the entire Krupp plant, is now being hailed as the "Hoover of Germany" by the government.

Count Wilhelm's brother-in-law of Count Krupp, transmitted the latter's offer to Ambassador Wiedfeldt in Washington, but the government, believing that "Ambassador Wiedfeldt would be of greater value serving the whole country" refused to release him.

Ambassador Wiedfeldt is now preparing to return for a vacation and to report on his diplomatic mission, and at the same time advise and discuss with the government the formation of a "national board of trustees."

This is new step which the government has taken in an effort to achieve a practical solution to the reparations administration. This board of national trustees would partly be elected by all the working groups of German industry, real estate, banks and agriculture, who are contributing guarantees for the payment of reparations and would deal directly in the name of the German government with the international reparations authorities.

The government is contemplating the nomination of Herr Wiedfeldt as chief of this new national body, because it is believed he could play a most efficient exploitation of all the existing means and he is believed that the Germans of all parties would trust him as he has no political past and is unhampered by a professed party creed, Kaiserism or wild speculation.

have been highly satisfactory.

The woman credited with the discovery, had a little daughter crippled with infantile paralysis. In the hope of securing relief, she took the child to Florida and permitted her to spend much of her time in the water at a shallow beach. The child was much improved after a few days, to see the child strike out and swim, having suddenly recovered the use of her limbs. So rapid was her recovery that when she was brought back, her parents installed a swimming tank in the home and continued the rapid water treatment. Then experts at Northwestern University medical school, familiar with the child's history, became interested, with the result that the large tank was built and most satisfactory results have been obtained.

The device consists of a large tank, partly filled with tepid water and equipped with a circular bench around the inside. The child sits on the bench and is kept in the water by means of a large net which is lowered and kept in the water, while they practice walking their legs. The little patients take to the treatment heartily and the results

Germans Begin Reign Of Terror In Ruhr; Gen. DeGoutte Is Marked

(By The Associated Press)  
DUSSELDORF, June 13.—"An organized reign of terror" in the form of guerrilla warfare is being carried on against the occupying forces in the Ruhr, according to French authorities here today.

They consider this a reign of revenge by the Nationalists for the execution of the ex-German officer, Albert Schaefer, for sabotage.

General DeGoutte and other high army officers are slated for assassination, the military secret service reports declared.

## Town Topics

L. E. Wright, secretary of the Callands Co-operative Association, announced that there will be a district meeting of the Tobacco Growers' Co-operative Association at Callands on Saturday, June 23, at 2 o'clock in the afternoon. All local associations in the district are invited to attend.

Mrs. E. W. Armistead and Miss Ann Armistead leave tonight for Greenville, Tenn., to attend the marriage of Mrs. Armistead's son, William Harrison Armistead, to Miss Kathryn Brunley, daughter of Mrs. Edward Joseph Brunley, which will take place in that city on Saturday.

Judge Turner Clement, of Chatham, has been appointed by Governor Lee to preside at the Prince Edward Circuit court during the June term.

With nearly forty pupils enrolled at the High School vacation school and with an even larger enrollment at Rison Park and Bellevue schools, opportunity is being given to pupils who through illness or other causes were unable to complete the course of study. The establishment of the summer school will make it possible for backward children to make their grades.

Traffic Officer F. G. Towell today placed signs on lower Main street, from the corner of Bridge street to the mouth of the iron bridge, notifying motorists that no parking will be allowed hereafter on that narrow thoroughfare. The congestion caused by parked cars has resulted in several close calls, it is said.

Officers of the Parent-Teachers' Association of Stonewall Jackson school, have issued a formal call for a mass meeting to be held at Stonewall Jackson school on Thursday night at 8:15 o'clock. There will be several brief addresses on the bond issue, and the reason for its importance in existing school facilities will be set forth. Following these talks, the meeting will be thrown open to pertinent queries on some points of the bond issue which will be answered in an authoritative way.

The executive secretary of the Red Cross received a communication from the Red Cross chapter at Spartanburg, S. C., asking for aid in locating a South Carolina boy who has disappeared from his home at Glendale. The boy, Roland Burns Brown by name, was described as follows: 18 years of age; height 5 feet 8 inches; weight 125 pounds; light hair and light blue or gray eyes.

The father, H. C. Brown, of Glendale, S. C., says the boy spoke of coming to Danville and also of joining the navy several times before he was last heard from. And it is thought likely by the informant that the boy may be somewhere in the city at the present time.

Experienced tobacco men are of the belief that an early tobacco crop will be developed this year notwithstanding the recent reports of plant shortage. The recent rain is already beginning to show its beneficial effects and it is believed good seasons between now and harvest time the crop should be well over the average.

The most critical time for the crop is said to be between July 20th and August 20th. Reports received here of the condition of the crop in South Carolina are most optimistic. Some tobacco has already been topped.

Yesterday was an off-day for Cupid here. Clerk of Court Ouis Bradley issued no wedding licenses during the day's office period.

While no definite disposition has been made of the offices in the city hall recently vacated by the city health department, it is understood that it has been agreed that they shall be utilized by the Community Welfare Association. It is further understood that no effort will be made to occupy the quarters until Miss Margaret Maxon returns to Danville to resume her work as executive secretary, this to take place early in July. In all probability the Juvenile and Domestic Relations Court will be established in the largest of the two offices, the other being the office of the council chamber by the court. There has been some discussion of installing part of the city's book-keeping personnel in the offices, but it is likely that the present arrangement will not be disturbed.

There is a vacancy in the roster of city officials. The council committee on public welfare has been authorized to make an appointment as postmaster whose duty it will be to see that stray dogs on which no license has been paid are properly kept and put to death if not redeemed. There is a fee system attached to the office.

A minor traffic mishap took place this morning when the Register and Bee delivery truck, driven by G. K. Murrell, was in collision with a truck belonging to the O. K. Service Co. Both cars were proceeding in the same direction when the service station truck stopped and Murrell in attempting to cut around struck the rear of the machine ahead. The damage done was slight.

## Manchester Tax Rate Is Highest in World

LONDON, June 12.—The debt of the city of Manchester is the largest municipal debt in the British Empire. The debt at the present time is estimated at 30 million pounds sterling and the assets of the city at 45 million pounds sterling.

To raise the necessary funds for municipal expenses and interest on the debt, the city council recently passed a bill providing for a rate of 12 shillings in the pound, or 60 per cent. for taxes for the coming year. The assessable value in English cities, however, is not based on the value of the property but on the annual rental value. In the case of the city of Manchester its assessable value is higher than any city in Great Britain, which means that the inhabitants of Manchester are paying more taxes than any other people in the British Empire and therefore probably more than any other people in the world.

## Good Morning Judge!

The following cases were disposed of by Mayor Wooding this morning:

A. B. Laub, speeding; fined \$25 and costs.

R. M. Watson, speeding; fined \$25 and costs.

Mike Callas, conducting a disorderly house, dismissed.

The case of Will Powell, a negro, now lodged in jail suspected of being insane, was continued.

The trial of Cleveland Jones and Norman James, charged with attempted housebreaking, was also continued.

## LITTLE ORPHAN DESERVES HER NAME; IT'S MARY SMILES

(Special to The Bee.)

EAST ORANGE, N. J., June 13.—Mary Smiles is her name, and she surely lives up to it.

All day long as she plays with her doll in the back yard of her new home, Little Mary whispers joyful things into its ears and then laughs happily.

For isn't she one of the happiest children in the world? And isn't her doll one of the happiest dolls?

When the doll doesn't change its expression, Mary scolds it in the King's English. She hasn't yet learned American scold words. For the little girl and her doll only landed in this country a short time ago.

Her life, although there has been only three years of it, has been filled with unhappiness. It seems she never had a father and mother to care for her, so she was raised as a ward of the Children's National Adoption Association of London.

There were many other little girls there, and boys, too. But none of them were happy. For the shadow of tragedy hung over all.

Sometimes some of them were taken away by some kindly elders. But little Mary was not one of the fortunate ones.

Then one day, Mrs. Christopher Smiles of East Orange, happened to see her. It was a case of love at first sight.

"I had been searching far and wide for a pretty little baby," she says. "When I saw Mary I knew she was mine."

So Mary—and her doll—got new parents, a new home, a new land. And they are glad.

"Boff of us," says Mary Smiles, smiling.

## Filipino Enjoys His Notoriety

NEW YORK, June 13.—Eulogia Lozada was arraigned in homicide court today, for the killing of Miss Blossom Martin. He was held without bail on a first degree murder charge.

The wiry, swarthy Filipino broke through his calm when Keeper James Shanahan reached out to him with handcuffs, bent quickly and bit the keeper's hand. Shanahan shook him out, handcuffed him and bundled him into a patrol wagon headed for the Tombs.

During the reading of the affidavit upon which he was held without bail, Lozada was arraigned for grand jury action. Lozada's face was covered with a broad grin. Handcuffed to Detective William H. Morrison and Patrolman Anthony A. Piscopo, he seemed contemptuous of the court proceedings.

District Attorney Banton plans to have the Filipino on trial within two weeks.

Assistant District Attorney William P. Ryan began presenting the evidence against Lozada to the grand jury today. Dr. Gervais Moffat, gave evidence of identification of the body of Miss Martin. He was the only witness examined by the grand jury.

Other witnesses who will testify were interviewed by Assistant District Attorney Ryan.

Lozada was hissed by a crowd as he left the patrol wagon to enter the court. His grin broadened perceptibly and he seemed to feel sort of pride in the notoriety he had won. His brief comment on the outburst of hostility made against him was:

Gen. I'm getting more popular every minute.

This was the only observation he made during the day, except when Detective Morrison asked him if he got a diamond ring found in his room in the McAuliffe home. He replied:

I bought it near the World building.

He then relaxed into silence, still preserving the grin.

Magistrate House commanded Patrolman Piscopo for the arrest.

Benjamin Mandel, son and partner of Israel Mandel, wealthy shoe manufacturer of No. 101 Reade street, who has admitted a love intrigue with Miss Martin extending over two years, could not be reached today.

Mandel, under the name of Martin, told the district attorney he had maintained a "love nest" for the dead girl at No. 353 West Fifty-second street.

Mandel, representing himself as the husband of Miss Martin, had recently complained to Dr. George McAuliffe of his fear of Lozada. Dr. McAuliffe promised to discipline the Filipino.

## Distillers Steal Their Equipment

MOOREFIELD, W. Va., June 13.—Moonshiners have long been tolerated and even patronized by many of Moorefield citizens, but now the purveyors of corn liquor have committed an offense that puts them beyond the pale. Sheriff William A. Allen and others are in fact quite indignant.

The booze makers have raided the town for their equipment. Moorefield woke up to find its lawn hose gone. A new 150-foot string to keep the courthouse lawn bright and fresh is gone. Several smaller pieces from private homes are missing. Sheriff Allen has no doubt it is all at work carrying cool waters from stream to still.

A town joker, whose wit is not of the dry sort, asked the sheriff today why he didn't put a bloodhound on the trail of the missing hose.

"I reckon a booze-hound would suit me better," said the sheriff, and then, with a show of innocence, "Was you ever detected, Bub?"

Since then only the moonshiners have worried the sheriff.

The condition of Miss Blanche Burch of Columbia, S. C., who was removed to the General Hospital for a serious operation is reported as showing satisfactory progress.

Mrs. E. R. Burch, on Wilson street, who has been sick for the past few weeks, shows little improvement.

STOUT PERSONS incline to fall asleep after eating heavy meals, constipation, indigestion and flatulence.

Relieved and digestion improved by CHAMBERLAIN'S TABLETS

# Gould's Second Wife Starts Suit

## Athletic Club's Minstrel Show

The Piedmont All-Star minstrel, organized from members of the Cabell Street Athletic Club, presented a highly creditable show at the Schoolfield Y. M. C. A. last night. The entertainment was well patronized and it was decided to give a second performance on Friday night, June 15th in the Masonic Temple auditorium. The programme was divided into two parts, the first being given over to pure minstrelsy and the singing of ballads, the second being presentation of "The Countess Thirteen Club."

The Piedmont All-Star quartette, composed of Eugene Pryor, "Flat" Smith, Percy Hubbard and Harry Brann was one of the stellar contributions during the evening.

With Elmer Jefferson as interlocutor, the following singers appeared in a variety of repertoire:

"Jimmie" Booth, Eugene Pryor, "Flat" Smith, Harry Brann, "Chicken" Shelton, Elmer Jefferson, Joe Benazz, "Valentino" Ikner, and Ben Kushner.

In the closing act, the following took part:

Elmer Jefferson, "Barnes" Mills, Roy Flynn, "Valentino" Ikner, Ben Kushner, Everett Boswell, Percy Hubbard, Harry Brann, Eugene Pryor, Lynn Chandler, "Flat" Smith, Eugene McCubbins, Joe Benazz and Eugene Hayden.

The "end men" included, "Barnes" Mills, "Chicken" Shelton, Ben Kushner and Valentino Ikner.

## Kappa Sigma Pi to Meet In Wyandotte Cavern

CINCINNATI, June 12.—Wyandotte Cave, in Indiana, is the novel place chosen for the annual meeting of the Kappa Sigma Pi. The National Council and camp will be held here August 20 to 31, the delegates, composed of church leaders and boys and girls of high school age from all sections of the country, meeting in the chambers of the cave for their legislative sessions, their initiations and the sessions of the various committees.

# Manuel Ferrando An Ex-Priest Is Episcopal Bishop

Church Paper Says Former  
Catholic Was Consecrated  
Secretly March 15.

NEW YORK, June 13.—Controversy developed in the Episcopal church yesterday when it became generally known that Dr. Manuel Ferrando, formerly a Catholic priest and now head of an independent church mission in Porto Rico, was consecrated a bishop, March 15, in the Cathedral of St. John the Divine.

The current issue of the Living Church, organ of the High Church Party, says editorially that the consecration was in secret in a side chapel of the Cathedral, and declares it has "mixed sensations" regarding the advisability of such a course.

The Rev. Arthur Gray, Executive Secretary in charge of Central and South American Missions, with offices at No. 281 Fourth avenue, denied that the consecration was in secret and wrote a letter to the editor of the Living Church, L. C. News-house, chief of the Episcopal Diocese of Milwaukee to the General Convention, in which he said:

"There was nothing secret about it. A goodly number of local clergy were invited and told to bring their vestments. Not a few invitations were sent to friends of Bishop Colmore (Bishop of the missionary jurisdiction in Porto Rico) and some of them invited, but most of them came. Of course, if failure to give out notice to the newspapers is the same as secrecy, then it was secret."

The World learned that, compared with the ceremony and general public interest accompanying the consecration of Bishop Manning and Bishop Shipman, the consecration of Dr. Ferrando was not far removed from secrecy. Sacred ministers of the Episcopal church did not know until yesterday that the consecration had taken place.

Dr. Ferrando was elevated to the episcopate by Bishops Gailor, Manning and Lloyd. Bishops Colmore, Knight and Durison assisted in the laying on of hands. He is now Bishop of Quebrada Limon, Porto Rico. Of this action the Living Church says:

"The precedent set seems to us very dangerous. If a candidate were not admitted to the Episcopal consecration openly, he ought, in our judgment, not to receive it at all. Apart from the secrecy of the proceedings, against which we feel impelled to voice our protest, we believe the act to be unjustified and we shall trust and expect it may be productive only of good."

The mandate for the consecration was given by the late President Bishop Colmore to the Episcopal church, according to the Living Church, was the result of fear that publicity might defeat the purpose to unite with the Episcopal mission in Porto Rico, that headed by Bishop Ferrando, and to give him a chance to regain his own clergy before the facts were made known.

Near the end of the last century the congregation of the propaganda of the Catholic church in Porto Rico, about 1900 he abandoned the Catholic church and went to Porto Rico, where he established an agricultural and about five miles from Ponce, which was known as the Church of Jesus. There are now fourteen stations, six assistants, and about 1,800 lay communicants.

Brought through the Episcopal church while in Porto Rico, Dr. Ferrando was consecrated a bishop of that communion by Bishop Chenevix.

But its work was never controlled nor financed by that church. It got touch with the Protestant Episcopal church missionaries four or five years ago, established friendly relations which ripened into a desire for a union of the two missions.

Bishop Ferrando is a very old man and has spent much time recently in this country. He is married and has one daughter. He is now at Mountain Lakes, N. J.

# Founds Dream Library to Probe Psychic Mysteries

By JACK JUNGMEYER  
(Special to The Bee)  
LOS ANGELES, June 13.—"Visions," certified by fact, occur with remarkable frequency among those not professionally "psychic," according to a compilation of such experiences by Clarke Irvine, Irvine, independent investigator of occult phenomena and motion picture writer, recently founded a library of prophetic dreams, to which already hundreds of authenticated instances have been contributed from all parts of the world.

"Almost every mail," said Irvine, "brings records of significant dreams come true—visions by which lives have been saved, loved ones recovered or protected, deaths and disasters foretold, and precautions indicated in every walk of life."

"In this repository, the first of its kind, will be filed only those manifestations which have been attested or are susceptible to proof. My purpose is to gather a mass of evidence upon which further psychic research may be based—papers which will be open without charge to anyone genuinely interested in this profoundly beguiling subject."

Such a compendium should prove invaluable to students seeking to piece occult fragments into patterns of spiritual law, or whatever lies behind them."

Irvine, inviting contributions to his library at 5341 Melrose avenue, expects to issue bulletins from time to time, broadcasting a digest of material received. His interest, he asserts, is wholly that of the scientific amateur, eager to stimulate research in this field of phenomena.

Here are a few of the records in the library of prophetic dreams:

FORETELLS FATHER'S MURDER—Hazel Bonner, 14, in Oxford, Ala., dreamed she saw her father slain by robbers in a Cleveland (O.) restaurant, after another check was checked with events detailed in telegram received next morning. Frequently has dreams coming true.

DREAM BRINGS FORTUNE—Harry Lesser, gassed war veteran at Memphis, Tenn., dreamed he had to travel to New Orleans. Established communication with former associates and got notice to claim an estate of \$25,000.

VISIONS TRAIL WRECK—Miss Jane Cassidy, Shelbyville, Ky., while asleep, visioned wreck, dressed, woke her scolding companion and walked to rear coach. Train derailed few minutes later; she uninjured.

CLARKE IRVINE, FOUNDER OF LIBRARY OF PROPHETIC DREAMS.

IONS and walked to rear coach. Train derailed few minutes later; she uninjured.

CURES PATIENT BY DREAM—Dr. C. Unwin, Pa., dreamed patient in a baffling case had eaten an apple years before, accidentally swallowing needle which now responsible for trouble. Operated on woman on strength of vision and found needle just where indicated by dream.

SEES FLIER KILLED IN FALL—C. Irvine of Los Angeles, dreamed of air crash which almost cremated aviator. Next day newspapers chronicled death of Lieutenant Mauser, San Diego army flier, under identical circumstances. Also "saw" first aerial head-on collision night before occurrence.

SYNCHRONIZED DREAMS—Mr. E. attended gathering at Mr. Vernon, O., to witness lunar eclipse. Years later on train awakened from dream of that event to find moon again in eclipse. Received letter from friend few days later, saying the latter had also dreamed of same event and had "seen" Mr. E. Looking at eclipse from platform of moving car.

## Richmond Reserve Bank To Continue Declares Counsel

RICHMOND, June 13.—"Until further notice the Federal Reserve Bank of Richmond will continue as hereinafter provided," said the bank's counsel today in a statement to the public.

The bank, which is a member of the Federal Reserve Bank of Richmond, has been operating since the decision yesterday of the supreme court.

"I have not as yet received a copy of the text of the opinions," he said. "There were two cases—one against the Federal Reserve Bank of Atlanta and one against the Federal Reserve Bank of Richmond. The case against the Federal Reserve Bank of Atlanta involved the right of a federal reserve bank to receive for collection checks upon non-member state banks and to present them at the counters of the banks upon which they were drawn and demand cash in settlement whenever the banks upon which these checks were drawn refused to remit at par for checks drawn upon them."

"I understand that in the Atlanta case the supreme court sustained the right of the Federal Reserve bank to receive for collection checks upon non-member state banks and that a federal reserve bank could not pay exchange charges upon such checks and that, if the drawee bank would not remit for such checks, it was proper for the Federal Reserve bank to present them at the counters of the state banks for payment in cash."

"The case brought by the North Carolina state banks against the Federal Reserve Bank of Richmond was an effort to make something other than gold or silver a legal tender, and because it discriminated against federal reserve banks, and prevented them from discharging a duty which by the federal reserve act was required of them. The court has held that the statute of North Carolina is unconstitutional and valid."

"Justice Brandeis apparently meets the contention that the North Carolina statute prevented a federal reserve bank from discharging duties which it is required to discharge by the federal reserve act, by saying that, although the federal reserve banks may accept checks upon the non-member banks, they are not absolutely required to do so; hence, if they cannot collect checks upon non-member state banks, without paying exchange charges, they may decline to handle such checks altogether."

"The decision rendered in the suit brought by the North Carolina state banks will have no effect, except in those states where there is a similar statute to the statute in North Carolina. Several states in the far South and in the West have such statutes, but there is no such state in the Fifth federal reserve district except North Carolina."

## No Successor For Kitchin Approved

ROCKY MOUNT, N. C., June 13.—The Democratic executive committee of the second congressional district met here last night for the purpose of nominating a successor to the late Claude Kitchin.

Following an executive session which lasted until almost midnight, and which was preceded by an open session until the evening, T. B. Ward of Wilson, chairman of the committee, announced that Mills Kitchin, of Scotland Neck, son of the late Representative Kitchin, had refused when reached over long distance telephone, to accept the nomination as successor to his father, because his nomination had met with considerable opposition in the meeting tonight.

The committee then adopted a resolution calling for another meeting to be held here June 20, at 2:30 o'clock p. m., when candidates for the house of representatives from the second district will be heard.

At the open session last night the speeches were made by half dozen prominent Democrats opposing the nomination of Mills Kitchin and advocating choice of other candidate by a primary election. Strongest opposition to Kitchin's nomination came from Warren, Bertie and Edgecombe counties. Judge John H. Kerr, Warrenton, R. L. Allbrook, Ta-boro; and J. Ross Kington, are in the race for the nomination.

## Bucket Shop Men Admit Their Guilt

(By The Associated Press)  
NEW YORK, June 13.—Edward M. Fuller and W. Frank McGee, stock brokers who started in New York's most sensational bucket shop case today pleaded guilty to bucketing an order from Franklin Link, of Westmoreland, Tenn., and were remanded for sentence Friday.

LOOK OVER SITES.  
Secretary E. J. Sarr, of the Young Business Club, City Engineer Joseph E. Felt, and other interested persons are making tour of investigation this afternoon of the suggested sites for the proposed swimming pool. The investigation will include the suitability of the various sites and an estimated cost of construction at each site.

ATHENS, Greece, June 12.—News-papers throughout Greece tonight were forbidden to discuss the forthcoming general election.

Premier Gonatas today issued a statement denying that he was planning to declare Greece a republic.

# THE FEDERAL PRINCIPLES OF GOVERNMENT HAVE SURVIVED

(By The Associated Press)  
WILLIAMSBURG, Va., June 13.—The federal government, the best of the national government, must be checked or the value of the federal principle will be dissipated forever."

Early amendments to the federal constitution, Mr. Lowden pointed out, were necessary in that they protected the rights of the citizens, and clarified certain points. Included in these, which he mentioned, was the bill of rights, ten amendments which, he said, should properly be regarded as a part of the original constitution.

remain an entity in our national system. The rapid movement toward centralization at Washington must be checked or the value of the federal principle will be dissipated forever."

EARNINGS GAIN  
IN INDUSTRIES

(By The Associated Press)  
NEW YORK, June 12.—Concrete evidence of improved earnings in a number of industries was offered today when directors of several corporations voted either to resume dividend payments or to pay extra dividends in addition to the regular ones.

After a lapse of more than two years, directors of the American Smelting and Refining Company voted a resumption of dividends on the common stock, fixing the rate of \$1.25 per share for the quarter or \$5 a year. The last dividend paid was one per cent. for the first quarter of 1921.

The Island Creek Coal Company directed an extra dividend of \$3 in addition to the regular \$2 payment on the common stock and the General Refractories Company increased its quarterly dividend from 75 cents to \$1 a share.

President Herbert G. Wille told the stockholders of the Pan-American Petroleum and Transport Company at the annual meeting today that the corporation would return approximately the same income this year as in 1922. The last dividend paid was one per cent. for the first quarter of 1921.

Sheep Fed on Screenings  
Make Money For Owners

(By The Associated Press)  
FORT WILLIAM, Ont., June 12.—The feeding of western sheep and cattle on screenings from the big elevators at the head-of-the-lakes has been carried on successfully during the past winter. The animals are brought here from the prairie provinces and fed for shipment to eastern markets.

This plan was inaugurated by R. C. Harvey, an Alberta sheep rancher, two years ago. In 1921 he wintered some 6,000 sheep. The railways granted him a through rate to eastern Canadian points with stop-over privileges. The sheep were fed on a diet consisting of screenings, mixed with an allowance of hay. After being fed for the winter months on this concentrated ration, the animals showed a very profitable increase and were reloaded for eastern markets.

Last winter Mr. Harvey wintered and fed more than 10,000 sheep. The experimental stage is over, and a saving of thousands of dollars annually is expected to result from this new scheme.

Fattening of cattle on the elevator screenings was tried out during the past winter with gratifying results. There is practically an inexhaustible supply of the screenings at the head-of-the-lakes, and the wintering of cattle, as well as sheep, will probably be carried on extensively next winter.

Disabled Veterans  
To Own Minneapolis

MINNEAPOLIS, June 12.—Like the many towns on the French battlefield which capitulated during the war, Minneapolis will literally "surrender" itself to the 10,000 disabled veterans who will attend the annual convention of the Disabled American Veterans of the World War in this city June 25 to 29.

"The disabled service men will 'own the town' during their stay," says Mayor George E. Beach, himself a disabled service man who led the 151st Field Artillery.

On the opening day, Monday, June 25, St. Paul is given the honor of entertaining the visitors.

Tuesday a mammoth parade will be staged in Minneapolis. The majority will march, but it is estimated that about 40 per cent. of the veterans will have to be taken in automobiles, due to their disabilities.

A tour around the city and Lake Minnetonka will assist Minneapolis chapter of the disabled veterans' organization as host, is scheduled for Wednesday. Thursday evening is set aside for the grand formal ball, the premier social event of the meetings.

A summer Mardi Gras festival, with fireworks and vaudeville entertainment will share honors with the public dance at the huge Armory here for the final entertainment on the closing day, Friday.

SIDE-LIGHT ON  
LIBRARY FIGHT

An interesting side-light on the library site wrangle has been disclosed. A few days ago the Garden Club was entertained by Mrs. W. P. Boatwright, who was assisted by Mrs. A. B. Carrington, who has been quite active in opposing the use of the Memorial Mansion grounds as a site for the library building as per the contract made by the city council, of which Mr. Carrington is president.

Presented a resolution to preserve intact the Memorial Mansion grounds. The resolution passed, it is understood, before the Memorial Mansion grounds as a site for the library building as per the contract made by the city council, of which Mr. Carrington is president.

Presented a resolution to preserve intact the Memorial Mansion grounds. The resolution passed, it is understood, before the Memorial Mansion grounds as a site for the library building as per the contract made by the city council, of which Mr. Carrington is president.

—Mr. and Mrs. D. T. Cooke will leave today for Baltimore to attend the meeting of the Grand Council of United Commercial Travelers. Mr. Cooke is a delegate from Piedmont Council No. 538 of this city.

What's Going on in the World  
WEEK'S CHIEF EVENTS BRIEFLY TOLD

BY CHARLES P. STEWART  
(Special to The Bee)

THE editorial writer who said the cork Al Smith popped was heard 'round the world spoke a mouthful, judging by the news from places pretty well all over, not only this country, but quite generally throughout Europe and even the Antipodes.

There isn't any question that America's experiment with prohibition has been most interestingly watched from many lands and press comment indicates that foreign observers, who aren't altogether familiar with this country's governmental system, incline to look for immediate results from the New York governor's signature of the state dry repeal bill that can't possibly ensue unless and until the Volstead law is changed also.

Nevertheless, wets and dries probably will agree that Smith has put in concrete form, for the first time, the wet demand for amendment of the Volstead one-half of 1 per cent. standard up to what the governor calls an "honest, common-sense" dividing line between legal intoxicants and non-intoxicants.

Furthermore it appears to be the consensus of opinion that Smith once made the wet and dry issue which will count, perhaps predominantly, in the next national campaign, whether the politicians like it or not.

Declares Today to Be  
Golden Age of Medicine

(By The Associated Press)  
LONDON, June 12.—Cholera, plague, typhus, typhoid, smallpox, tuberculosis and malaria have at last become controllable, says Sir George Newman, chief medical officer of the British government. The antitoxin treatment of diphtheria has reduced the death rate from that disease from 20.8 per cent. in 1890 to 3.4 per cent. in 1922, which means that 200 additional lives are saved in every 1,000 cases. In 1871 enteric fever claimed 374 lives in each million of the population; in 1922 it was 12 in each million.

"We are living in the golden age of medicine," says Sir George. "Unperceived it is rapidly changing the face of the world and the destinies of men. The extension of the frontiers of life is assisted by fresh air and sunlight in buildings, sanitation of markets, wholesome water and food supply, and the isolation of infectious persons. The result of this is seen in the fact that every child born today has an expectation of 12 years more life than had his grandfather."

VIRGINIA BEATS  
NORTH CAROLINA

CHAPEL HILL, N. C., June 12.—The University of Virginia triumphed here this afternoon in the first time in three years over the nine of the University of North Carolina by a 3 to 2 score. Pain, which had threatened to cause postponement of the game, stopped in the early afternoon and the game was played on a somewhat muddy diamond.

Virginia started the scoring in the first inning by making one run and in the fourth scored two more. Carolina's first tally came in the fifth and this was repeated in the sixth and seventh, tying the score. The Virginians broke the tie in the eighth with their four and final run of the game.

Carolina staged a ninth inning rally filling the bases and having only one out when Captain Morris came to bat. Quick fielding of Morris' slam resulted in a double play retiring the team and giving the Virginia.

Score by innings: R. H. E. Virginia 100 200 010—4 3 2 Carolina 000 011 100—3 10 1. Maphis, Holland and Parish; Ferebee, Bryson and Morris.

CHIEF BELL ON VISIT  
Chief of Police James R. Bell is spending several days in Henry county. He is expected back toward the last of this week. In his absence Sergeant J. L. Edwards is acting as chief.

NEW LINES AND TRIMMINGS  
ON SUMMER WRAPS

(Special to The Bee)  
LINES and trimmings decidedly new are shown on wraps and coats for summer.

Most popular of all styles is the sleeveless coat with ties at waist and side. Two variations of this silhouette are sketched.

One has a new trimming of fabric puffs at neck and wrist and features the flat front and back outlining with wide of greater fulness. The other uses to advantage the flaring flounce that is becoming rare and more popular for wraps and dresses every day.

Wraps are trimmed with pleats, tiers, tucks, embroidery and braid—and all combinations and variations of these. All-over embroidery, so popular earlier in the season, has been replaced by embroidered flounces, which are being used to trim the rest of the coat untrimmed.

Prohibition  
Reparations  
Bulgarian Revolt

Enforcement Slows Up.  
New York has withdrawn its state police patrol against rum smuggling from Canada.

Commissioner Enright announces his decision to terminate prohibition enforcement duty by the New York City police.

The federal government is rushing dry enforcement agents to New York state from other parts of the country.

The New York State Chamber of Commerce has adopted resolutions asking Congress for a national prohibition amendment on "reasonable, fair, just, practical lines."

The Chicago City Council, by resolution, has complimented Governor Smith of New York for signing the state prohibition repeal.

The Wisconsin House of Representatives has passed a state dry law repeal bill and sent it to the Senate.

Representative Britton, Illinois, announces he will offer a bill when Congress meets authorizing light wine and beer, taxing them to provide a soldiers' bonus.

## Must Obey Law.

The State Department has refused to confer with foreign governments relative to the Supreme Court's ruling that no ship may bring intoxicants, even for use solely on board when at sea, within America's three-mile limit. The government's view is that this is the law, so there's nothing to confer about.

## ROCKY MOUNT NEWS.

OCKY MOUNT, Va., June 12.—The Woman's Missionary Society of the First Christian Church of Rocky Mount met last Wednesday afternoon. The president, Mrs. S. M. Whitwood, presided. There was a good attendance, with one visitor and two members added.

The literary department was in charge of Mrs. Frank Morris and readings were given by Mrs. Morris, Mrs. S. M. Whitwood, and Mrs. O. T. Childers.

The feature of the meeting was the election of officers for the ensuing year, which are as follows: Mrs. S. M. Whitwood, president; Mrs. T. J. Smith, vice-president; Mrs. R. E. Ferguson, secretary; Mrs. H. V. Davis, treasurer; Mrs. Frank Morris, literary secretary; and division leaders were appointed as follows: Mrs. S. A. Gravelly, Mrs. C. C. Flora and Mrs. Randolph Perdue.

After the business meeting adjourned, delicious refreshments were served by the hostess.

Mrs. G. M. Law, with her daughter, Miss Nan Law, have returned from Bristol, where Mrs. Law has been attending the graduating exercises of her daughter. Miss Law has been attending Virginia Intermont College for the past two years and has made a remarkable record. She received a diploma in voice, and a diploma in literary subjects. In 1921 she received a full academic diploma from Blackstone College. In the swimming contest Miss Law received third.

Invitations have been issued announcing the approaching marriage of Miss Eula Ferguson to Buford B. Angle, to take place on Thursday, June 14th, in the home of the bride's parents, Mr. and Mrs. R. E. Ferguson, on Diamond avenue. Both Miss Ferguson and Mr. Angle are prominent in social life of Rocky Mount, Mr. Angle being the son of Mr. and Mrs. B. L. Angle of this place.

Miss Almee Fralin, of Wirtz, and Harry Pugh, of Wirtz, were quietly married Sunday afternoon, in the Baptist parsonage at Boone Hill. Both Miss Fralin and Mr. Pugh are well-known and popular in the home neighborhood.

Mr. and Mrs. N. P. Angle will sail for Europe on the third of July with a party of relatives. Among them will be the Hon. William Jennings Bryan and Congressman William D. Upshaw. W. R. Davis of this place is also contemplating taking this trip.

Mr. and Mrs. B. L. Fisher with Miss Elizabeth Miles and Messrs. Word and Frank Peak left today for Lynchburg to attend the Sunday school Training school which convenes in Lynchburg this week.

Miss Bert Shearer and Arthur Angle will leave also this week for Lynchburg to attend the Epworth League Convention which convenes there this week.

T. J. Dudley has returned from Glade Hill, where he was called by the illness of his mother, Mrs. Frances Dudley.

Miss Elizabeth Martin, of Roanoke, has arrived and is the guest of her brother, James Martin, in the home of Mrs. J. M. Barbour, on Maple avenue.

Miss Sarah Saunders is in Roanoke, the house guest of her brother H. S. Saunders.

Mr. and Mrs. H. C. Field, of Martinsville, were the guests of Mr. and Mrs. A. B. Garrett, Sunday, and incidentally to attend the dedication services of the First Baptist church of this place.

Mr. and Mrs. C. D. Ponton left Tuesday by automobile for New York City, to meet their son, Wilbur Ponton of that city. Mrs. Wilbur Ponton and children will accompany Mr. and Mrs. Ponton on their return to Rocky Mount.

The Rev. J. Lee Taylor, of Steller, is the house guest of his daughter, Mrs. Zadok Bernard, on Main street.

Miss Esther Angle is in Salem, the guest of friends.

Mr. and Mrs. W. J. Wigginton, of Java, is the guest of the former's parents, there this week.

whose job includes enforcing prohibition on ships in port, is understood to have made the rules as strict as can be, hoping to force Congress to modify the law.

However, the latest ruling is that ships' doctors may keep in store such intoxicants as they deem necessary for medicine, which may provide a way out of the difficulty.

Other Countries Growing.  
Spanish ships, which depend largely on anti-Volstead committees for their cargoes, have canceled their stops at American ports.

France, Italy and Portugal, whose laws, like Spain's, compel their ships to serve wine to their crews, are protesting vigorously against the dry law's application to their vessels in American waters.

In Parliament in London a law is pending requiring ships within England's three-mile limit to have intoxicants on board, this being proposed in retaliation for the American dry rule.

The British government is understood to have asked its Washington ambassador to report on the working of prohibition.

Switzerland, by a heavy popular majority, has turned down a proposal to nationalize liquor, as a step toward prohibition.

Revolution in Bulgaria.  
Bulgaria's peasant cabinet under Alexander Stambulsky has been overturned and its members locked up, the result of a revolution engineered by the military class.

Prof. Zankof succeeded Stambulsky as premier.

The revolutionists, although they pledged fulfillment of Bulgaria's peace treaty obligations and abstention from "military adventures," favor forcible recovery of territory Bulgaria lost in the Balkan and World wars.

The country may not accept the change quietly. Fighting is reported in many districts.

Don't Suit Franco.  
Germany has made another reparations proposition to France and Belgium.

It suggests German payment of war damages, beginning in 1927, by a system of "annuities" of about 285 million dollars reckoned in American money, an international conference to decide how long they must be continued. The money would be raised by a railroad mortgage, a mortgage on commerce and industry, and a luxury tax.

France likes this offer so little that she isn't even answering it. She objects especially to the absence of a German pledge to stop "passive" resistance in the Ruhr. Neither does she want to wait until 1927 before beginning to get any money, nor does she care to leave the total to an international conference's decision.

The British view seems to be that the proposition, while perhaps not yet satisfactory, at least is more so than the last one.

FLETCHER WILL  
MAKE REPORT  
AT TRIAL TRIP  
(By The Associated Press)  
WASHINGTON, June 12.—Senator Fletcher, Democrat, Florida, said today he would go on the trial trip of the Leviathan and make a report as ranking minority member of the Senate Committee on Commerce.

"It is my understanding that they contract for the reconditioning of the vessel called for a trial trip at the expense of the contractors," Senator Fletcher added, "I will be aboard to note what occurs during the trip. If the trial is properly conducted without the lavish expenditure of public funds I will not hesitate to say so. On the other hand if public funds are wasted on a pleasure junket I will promptly denounce it."

Virginia: Cloudy, probably showers Wednesday; Thursday, cloudy, moderate temperature.

YOUNG EDISON A  
COLLEGE GRAD

(By The Associated Press)  
CAMBRIDGE, MASS., June 12.—Thomas A. Edison, who has been quoted as believing college graduates to be "uninformed and ignorant while collar experts" was here today to watch his son, Thomas Miller Edison, receive a degree from the Massachusetts Institute of Technology.

For this college graduate Mr. Edison said, there is a job waiting at the Edison plant without the preliminary mental test usually insisted on for candidates.

"My son is a physicist and mathematician and I am no mathematician," said the inventor. "If his latest methods are not too professional he can work with me, but if his mathematics shoot off in the 'Einstein direction' he will be of practically no use at all."

Thomas Miller Edison said he would accept the job and attempt to show his father something about college men.

IN TERRIBLE PAIN:  
WEAK AND THIN

South Carolinian "Was Getting Worse and Worse," but Now Is Well and Working, After Taking Black-Draught.

Great Falls, S. C.—The relief of a very painful stomach disorder is described in the following statement by Mr. V. A. Orr, of this place: "When I would eat," said Mr. Orr, "my stomach would ache and such a terrible burning inside! I got so thin. My skin was yellow. I was so weak I could not do my work. I had a breaking-out and I simply was getting worse and worse."

"Some one asked me why I didn't use Black-Draught. I thought I could at least give it a trial. After the first dose or two I was so weak I rested for a few days, then began taking it regularly. I felt like I wanted to eat. I had suffered so much I was almost afraid, but I began. I noticed first that the burning quit, then the pain. After a few weeks I wasn't afraid to eat and my skin got clearer. I felt much better. I grew stronger and have been better ever since, and soon was able to go back to work and have worked ever since."

"My daughter, Viola, would hurry home to meals and hurry eating until she began having indigestion. She got so thin and weak until I was afraid she was going to get down in bed. She was away from work half her time. Her skin was yellow and we were uneasy about her. We decided she should try Black-Draught, too. She took it for a few weeks, regularly, and it acted on the liver, her skin cleared up, she began to eat, she gained until she looked just fine and her skin is clear and she weighs more than she ever has." Sold everywhere, 25 cents.—ad.

Try crisp Post Toasties  
with Luscious Strawberries

THE full, rich flavor of these toasted flakes of ripened corn blends with the flavor of the berries to make a breakfast treat you'll want to repeat.

Post Toasties are just the thing for "strawberry" days. Light, yet firm in texture—easy to digest, yet amply nourishing—golden brown Post Toasties, the improved Corn Flakes.

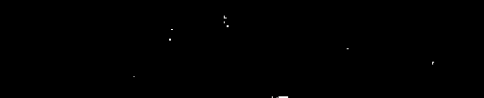

Flakes, keep them crisp, tizing crispness to the last delicious spoonful.

Delightful, too, with sliced bananas, oranges, pineapple, or any kind of fruit or berries, either fresh or preserved.

Order Post Toasties by name from your grocer and be sure to get the Yellow and Red package

## HUNGARY'S FATE IN HANDS OF ALLIES, SAYS PREMIER

BY WILLIAM PHILIP SINDIS  
(Special to The Bee.)

**BUDAPEST, June 12.**—The peace of Europe as well as the fate of Hungary will depend very largely on the treatment the allies deal out to this country.

This became very clear today during a lengthy interview given me by Count Stephen Bethlen, prime minister of the Hungarian monarchy, in his office opposite the royal palace in Budapest.

What he said was never, in any way, to be taken in the sense of a threat. He merely outlined to me the situation in his country, dispassionately but with obvious sincerity, and said he was through there could remain no possible doubt that Hungary's plight is desperately in need of international attention.

"Hungary's first and most immediate difficulty," the count said, "arises out of the reparations problem. Like the sword of Damocles, the question continues to hang over our head. The amount has not been fixed, nor the time nor manner of payment."

**Demand Means Ruin.**  
"In fact, we do not know if we are able to pay anything more—for, you know, we have already paid, by turning over state property to Czechoslovakia, Rumania and Yugoslavia, some \$5,000,000,000, and now we have to pay more per capita than the 132,000,000 marks the allies demanded of the Germans."

"To demand more of us now, whether money or in kind, would mean our ruin. For we have neither. So the immediate necessity for us is to secure a postponement, at least, of the reparations matter until some indeterminate time in the future—as was done in the case of Austria."

**Need Big Loan.**  
"We will need about \$100,000,000 on a long-term loan, the money to be turned over to us over a period of five years—about \$20,000,000 a year. First then, we need an arrangement with the allied powers for an indefinite postponement of the reparations question. Second we needed the loan—and we will have no

PREMIER BETHLEN

difficulty obtaining the loan once reparations cease to press.

"Our next biggest worry is that of our minorities. We have 3,500,000 of our nationals in Czechoslovakia, Rumania and Yugoslavia. We have a population made up of Hungary of about 7,000,000. One-third of our people, therefore, are living under foreign regimes."

**Live in Cars.**  
"We have from 400,000 to 500,000 of such people right now living in box-cars on sidings and being taken care of by us as best we can. We like everybody else, were short of houses at the end of the war because building had come to a standstill. Before the war what is now present Hungary had six million population. We will soon have eight million as these refugees come to us from our neighbors who are driving them out. This question of minorities, then, must be settled before there can be any real peace in Europe. There was unrest in Europe before the war, but it was never like this. The League of Nations was to look after minorities but it is just now beginning to take notice after four years. There will be no end to European unrest until this question is settled."

## WITHDRAWAL OF SUIT AGAINST LASKY MOVIES

(By The Associated Press)  
**NEW YORK, June 12.**—Withdrawal of a \$6,000,000 suit brought by the Vitaphone Company of America, Inc., against the Famous Players-Lasky Corporation and other defendants was announced today by the latter firm. Efforts of Will H. Hays, director general of the motion picture industry, were said to have been instrumental in bringing about an agreement.

The Vitaphone Company alleged in its complaint that the Famous Players-Lasky had conspired "to control 'first run' motion picture theatres, thereby suppressing competition and restraining interstate trade and commerce. Vitaphone declared it had been injured to the extent of \$2,000,000 by the alleged practice and, under provisions of the Sherman law, asked federal court for three times that amount."

The suit was brought last November. Albert E. Smith, president of the Vitaphone Company, today consented to withdrawal of the complaint.

The Federal Trade Commission, for some weeks has been investigating the Famous Players-Lasky Corporation in an effort to determine whether the company constitutes a trust.

## SOLDIER INDICTED ON MURDER CHARGE

(By The Associated Press)  
**RALEIGH, N. C., June 12.**—The grand jury in United States District Court today returned an indictment for murder against Eddie E. Hurt, a graduate of the University of Chicago, and a former soldier, who is charged with choking to death Angell Kanaris, a private soldier on the Fort Bragg reservation near Fayetteville, on August 31, 1922.

## RADIO BROADCASTING NEWS

STATION "WJZ"  
Broadcast Central 33 West 42nd Street, N. Y. City, 445 Meters

Program will be announced by radiophone. Also Wendell W. Hall, KYWS Music Maker.

7:58 p. m.—Naval Observatory time signals.

8:05 p. m.—News and weather report.

8:05 p. m.—Special features as announced by radiophone.

WARREN REFUSES TO CONFIRM OR DENY REPORT

(By Chicago Tribune Service)  
**MEXICO CITY, June 12.**—Charles B. Warren, American commissioner, refused today to confirm or deny a report of a serious disagreement between the American and Mexican commissioners, which only the intervention of President Obregon patched up.

The desire of Mexico to reach an agreement with Washington is becoming more manifest daily. When rumors of a serious disagreement between the commissioners became public yesterday, the city press, numerous state governors and President Obregon hastened to express their belief in the fairness and good intentions of the American commissioners.

## COMBINE AIMS TO HOLD TRADE

(By Chicago Tribune Service.)

**LAUSANNE, June 12.**—A huge combination aimed to control the trade with Turkey was signed at Lausanne today by Rustem Bey, representing Leslie Ugrahart and a group of British banks, and Shekif Bey, former minister of commerce in Turkey, representing a new Turkish syndicate.

This combination will be capitalized at \$10,000,000 which has already been subscribed, and will commence operation in the autumn. It is signed by the Ugrahart group embraces most of the big London banks, which just have bought control of the Anatolia Railway from the German-Swiss interest and most of the British corporations engaged in Turkey before the war. The financial backing of the group is almost unlimited. Negotiations for the combination have been under way at Lausanne, London and Ankara for several months.

The contract signed is a private contract between two groups for a combination to engage in the import and export business in Turkey under an American charter. So broad a combination was not made. It is learned that in the future the combination has almost monopolistic privileges.

## AVIATOR SPOTS FIRE

**NEW YORK, June 12.**—An aviator flying over the Bronx this afternoon saw smoke pouring from the roof of a five-story tenement house. He swooped down and began circling around the building, sounding a siren on the plane. The siren attracted the attention of hundreds of persons, including Captain James Keelan and several firemen.

Other persons after being attracted by the airplane telephoned in alarms, but before these alarms had reached the fire house Captain Keelan had his company on the way.

The aviator then continued on his flight, leaving the firemen to battle with a blaze that quickly developed into a two-alarm fire. Fifty persons escaped from the building.

**BC**

BEST FOR HEADACHE AND NEURALGIA

This scientific preparation compounded by registered druggists is to relieve your headache or neuralgia. Recommended by druggists everywhere.

B.C. Remedy Co. Durham, N.C. at your druggists

Try it

GIRLS! LEMONS BEAUTIFY SKIN

Make this Lemon Cream to Whiten Skin and bleach Tan, Freckles

Mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle and you have a whole quart of the most wonderful skin softener and complexion beautifier. Massage this sweetly fragrant lemon cream into the face, neck, arms and hands, then, shortly note the youthful beauty, softness and whiteness of your skin.

Famous stage beauties use this harmless lemon cream to bring that velvety, clear, rosy-white complexion, also as a freckle, sunburn and bleach because it doesn't irritate—adv

MANY STILLS OUT UP BY FEDERAL AGENTS

**SALISBURY, June 12.**—Federal prohibition agents operating in North Carolina captured 144 illicit stills during May and poured out gallons of beer according to a statement this morning by State Prohibition Director A. B. Coltrane.

These figures indicate a slight increase over the previous months of the year. Eight automobiles were seized, forty-seven arrests were made and 142 prosecutions were recommended.

## HORNSBY SUIT WAS GRANTED IS RESCINDED

(By The Associated Press)

**ST. LOUIS, June 12.**—The divorce suit of Mrs. Sarah E. Hornsby against Rogers Hornsby, St. Louis National second baseman, was granted under advisement by Circuit Judge Hogan in domestic relations court after a brief hearing this afternoon.

At the conclusion of the hearing, Judge Hogan announced the divorce was granted and that custody of Rogers Jr., two and a half years of age, would be awarded to Mrs. Hornsby but he immediately rescinded it by saying the decision had been announced inadvertently and that it must follow the rule of the court, which provides that no decree shall be granted in less than ten days after filing of the petition. Mrs. Hornsby filed her suit yesterday.

The Cardinals' second baseman did not contest the suit.

Mrs. Hornsby wept as she testified. She asserted Hornsby had been quarrelsome, had indicated to her that he no longer cared for her, that he had not provided a proper home for her and that he had left her several times after quarrels.

A satisfactory settlement as to alimony has been made, it was announced.

Hornsby has agreed to give his wife lump alimony of \$25,000, she announced tonight. Mrs. Hornsby said her husband has decided to her real estate, cash and securities and had made provisions for the support and education of their son.

Mrs. Hornsby absolved the ball player of any wrong doing in connection with the divorce litigation of A. Hine, an automobile salesman.

Hine has filed suit to have a divorce granted his wife, Mrs. Jeanette Pennington Hine, a saleswoman, set aside on the ground that it was obtained by fraud. Hornsby was mentioned in the suit as being the author of a love note to Mrs. Hine, but denied the charge.

## CADETS WILL BE ASSIGNED TO THE TRAINING CAMPS

(By The Associated Press)

**WEST POINT, N. Y., June 12.**—General John J. Pershing told 121 cadets, the West Point class of 1923, in an address at the graduation exercises today that one of their first assignments would be through the training camp forces throughout the country as instructors. He declared that "for the first time in our history the mission of the graduate is definitely outlined."

The men graduated today will enter the United States Army as second lieutenants. Diplomats were handed to the new officers by General Pershing, who has been here since Sunday. Cadets Francis R. Johnson of Tacoma, Washington, was honor man. Two thousand relatives and friends of the cadets witnessed the exercises.

The General asserted that up to the time this country entered the world war there was lack of proper military program whereby trained citizen forces could be rallied to the colors in time of war.

"After we joined the allies in the world war," he said, "we had to create an entirely new national army before we could participate. Through great good fortune our allies held the battle front while the tremendous task was accomplished. With the close of the great war there arose a new sentiment indicating a national consciousness in the making which was inspired by the great body of veterans and reinforced by West Point influence and direction. Congress was prompted to pass the national defense act."

"These figures indicate a slight increase over the previous months of the year. Eight automobiles were seized, forty-seven arrests were made and 142 prosecutions were recommended."

## WATCH OUT

There is a rather cruel deception being practiced on women who desire Palmolive Soap. Common soaps are shaped and colored like it. Some are given names which sound like Palmolive. But they offer you nothing of what you seek, which is benefit to your complexion.

Palmolive has won millions of users by its remarkable aid to beauty. The demand has spread almost the world over—wherever beauty lovers exist. Its unique results have made Palmolive the world's leading toilet soap.

What you prize in Palmolive is the skin effects which ordinary soaps never brought you. Then don't be cheated of them. Don't let somebody make you think that a like-looking soap is Palmolive.

Another value you get in Palmolive is a 25-cent quality for 10 cents. That is due to enormous volume.

A beauty soap—a scientific toilet soap for 10 cents is unique. You are cheated of that extra value when you get an imitation. Nothing in all ages has compared with a blend of palm and olive oil for skin beauty.

Never in a soap has that blend been perfected as it is in Palmolive Soap. That is why it won supreme place with beauty-loving people.

Be sure you get it. Look carefully at the name and the wrapper. Otherwise an ordinary soap may be substituted, and you will think that Palmolive has deteriorated.

Note carefully the name and wrapper

Palm and Olive Oils—nothing else—give nature's green color to Palmolive Soap

EIGHT

WOMAN STRUCK BY  
MRS. BOATWRIGHT

(By The Associated Press)  
RICHMOND, Va., June 12.—Miss Ida Boatwright, 34, was struck by a car on the corner of Main and Second streets, today. She was taken to the hospital, where she is recovering from her injuries.

Police said the car was driven by a man who was not identified. The car was damaged and the driver was not injured. The accident occurred at about 10:30 a.m.

IN TWO ACCIDENTS  
IN A SINGLE HOUR

NEW YORK, June 12.—William Miller was standing near the rear door of Fordham Hospital yesterday, when an automobile hit him. It was only a step into the hospital and the doctors told Miller he was unhurt. He departed.

An hour later, near the same place, another automobile hit Miller. The doctors found that he had been less kind this time, for the victim had to stay in the hospital. One of his arms was broken.

Do Feet Burn?  
Stop 'Em Quick

This burning and soreness comes from irritation in the joints and ligaments of the arches of your feet. Rub on Joint-Ease—it goes through skin and flesh speedily and corrects the trouble at its source.

Rub on this soothing ointment to-night, and have a pair of feet as good as new feet in the morning, free from misery and burning. All druggists—a tube 60c—adv.

## MONEY OF NO VALUE.

"Life had no pleasures for me. Although I had plenty of money it was of no value, as my stomach almost constantly distressed me. I lost faith in all doctors and medicine. Talking with my druggist about my case he advised me to try Mayr's Wonderful Remedy. I am now enjoying life again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practical stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. C. McFar's Drug Store and druggists everywhere—adv.

## When Your Baby is Sick

Look first to the food. For a little baby cannot be well and happy without the right kind of food. If you cannot nurse your baby yourself give him the safest substitute for mother's milk.

## NESTLÉ'S MILK FOOD

Nestlé's is safe because it is made from the pure milk of healthy cows, modified so that it can be digested easily by the sensitive stomach of your baby. Nestlé's is a complete food in powdered form. Thousands of babies have been kept strong, bright-eyed and pink-cheeked by Nestlé's Milk Food.

War Starts on Bucket Shops  
To Make Street Fool-Proof

BY EDWARD THERREY

(Special to The Bee)

NEW YORK, June 12.—War against bucket shops and stock frauds has a new leader in Carl Sherman, state attorney general, whose idea of cleaning up Wall Street is a new one.

"If we can't educate the public not to be suckers, we certainly can't make Wall Street as fool-proof as possible."

That is what Sherman has set out to do. The state attorney general has already launched a two-pronged attack on the bucket shop industry. Every device of financial highwaymen is the target for a public campaign, for the state attorney general has the federal and city governments, each attacking with different weapons.

"I'm not a crusader who thinks one man can clean up Wall Street," said Sherman in an interview with The Bee. "Fraud and graft in bucket shops and fake stock sales can't be cleaned up. The biggest factor against it is human nature—the hunger of the poor blind sucker to bite."

We can't put all the bucketsters and stock fakers in jail because we can't stop crooks from opening new places. But we can make it more difficult for the chancy operator to do business. And we can try to educate the public to help us protect their own pocketbooks."

A fund of \$100,000 has been appropriated by the state to carry on the work Sherman has started. He is proceeding under the Martin law, closing concerns by injunction when fraud is shown. This, however, carries instantly against criminal prosecution where books have been examined. So District Attorney Bar-

CARL SHERMAN

ton, carrying on a city campaign begun 15 months ago, is proceeding against on evidence obtained elsewhere than books of suspected concerns. And Federal District Attorney Hayward is cooperating under mail fraud laws.

Attorney General Sherman's novel method of attack has had the effect of a bomb in Wall Street. The scare of his "public injunction" came as a

such a shock that two concerns announced bankruptcy almost at the moment that Sherman's investigators reached the doors to begin a state inquiry.

"I have a blacklist," said Sherman. "Names of many shady concerns are on it, bucket shops and stock promotion concerns that have branches in cities all over the country. Their operations have cost investors many millions of dollars. We are going to proceed against all of them."

"Even if we can't punish these financial pirates, we can make them close up shop. Those that we know are about to crash will be left to District Attorney Barnton to proceed against criminally. We have a prison weapon, too, for those eluded by injunction. For if they violate the injunction, they will be judged in contempt of court and jailed."

Sherman said most stock-selling frauds were operated on the basis of 80 cents out of every dollar going to the promoter and 20 cents into the treasury of the fake concern to keep it from going broke until a clean-up had been made. Books of convicted bucket shops show pocketing of customers' money instead of executing orders.

"Nine out of every 10 victims do not help prosecute these crooks," said Sherman. "Some are afraid, some dislike acknowledging they were easy marks, and some are simply born suckers who bite again and again even after they have been stung."

Sherman is a young man, tall and slender, with curly hair. He has a friendly smile and a modest attitude toward the Wall Street campaign and his use of a law two years old but hitherto practically dormant.

Government Will  
Adhere To Court's  
Liquor Decision

(By The Associated Press)

WASHINGTON, June 12.—Further evidence of the United States government's intention to adhere strictly to the Supreme Court's construction of the prohibition law was given today in a ruling by the public health service forbidding the use of "medical" liquor for "dietary" purposes by ships.

Given a share in the administration of the United States, under the recently issued Treasury regulations carrying out the court's decision, health service officials ordered physicians in all ports to deny permits for release of liquor for other than legitimate medical purposes.

The Treasury accepted the decision as its policy and henceforth, it was declared, regardless of circumstances no circumvention of the law and fast ban on beverage liquor will be allowed within territorial waters of the United States.

The French liner France applied in New York today for the right to withdraw sufficient wine to ration the crew as required by French law, employing the means by which the regulations as the means by which it could be done. Public Health Service officers, stationed in New York, communicated with the French authorities here and Acting Surgeon General White made the ruling which follows directly the edict handed down by the Supreme Court.

While the Treasury, through the public health service was drawing the lines tighter about the use of liquor aboard foreign ships, the White House asserted it did not believe Congress ever intended the government should be confronted with a situation such as it now faces. The official statement was signed generally as forecasting that request might be made when Congress convenes in December for some change in the law that would permit the government to extricate itself from the situation in which it now finds itself.

Unless Congress provides relief, some officials hold that it act while others take the contrary view—the president was said to believe there was no other course but to enforce the statutes as interpreted by the courts.

Nothing came from an diplomatic quarter here to indicate that any foreign government was considering further steps in efforts to get relief for its nationals. The cause of some treasury officials to believe such moves as may be made hereafter, if any, would be by foreign ship owners.

Word came to the Treasury during the day that some ships line follows had made plans for storing liquor supplies at ports of call near to their American destinations but outside this government's jurisdiction. By so doing, such vessels would be able to replenish the lockers on the outward voyage and get comply with the finding of the Supreme Court decision making the three mile limit the dead line.

BAPTISTS THINK  
RIDLEY INJURY  
TO THE CAUSE

ATLANTA, Ga., June 12.—The Atlanta Baptist Ministers' conference has gone on record as regarding the "continuance of Dr. C. A. Ridley in the Baptist Ministry as an injury to the cause of Christ and a reflection upon the honor of Baptists" according to a story published today in the Atlanta "Journal." Dr. Ridley long has been active in the extension work of the Ku Klux Klan and formerly held the title of Imperial Kludd or chieftain of that organization.

## PEASANTS ARE REVOLTING

BELGRADE, June 12.—Peasant revolts against the new Bulgarian regime are reported throughout the country. Peasants from Sofia say in neighborhood of Pelna the revolt has assumed serious proportions. It is declared, and a force of 10,000 is said to have been surrounded. French troops have been dispatched to this locality.

Dispatches say that the new government has ordered the mobilization of all reserve officers and of several young classes. Volunteers are being recruited. The dispatches confirm that former Premier Stamboulsky is not under arrest, but that there is no news of his whereabouts.

R. M. TRUSTEES  
DECLINE OFFER

(By The Associated Press)

ASHLAND, Va., June 12.—Proposals for the removal of Randolph-Macon College to Norfolk and for its consolidation with the American University at Washington were rejected by the board of trustees late today following a lengthy meeting attended by members of the faculty and all of the trustees.

The trustees thanked the Norfolk citizens for the flattering offer made by that city, but declined to accept it, announcing at the same time their decision to remain at Ashland.

The Washington proposal to consolidate the college with the American University was also rejected by the board of trustees. This proposition had been discussed for several weeks and the Washington institution named a committee of Randolph-Macon regarding the proposed merger of the two institutions. This committee, however, failed to appear before the board today and the trustees took the view that the project had been abandoned.

Fishop B. Beach, president of the college, said that the trustees of the work of the Methodist Episcopal Church South in Belgium and Poland and the Rev. George Wesley Jones, D. D., presiding elder of the Richmond district, were elected to the board of trustees. Their elections are subject to confirmation by the Virginia Conference of the church.

Officials of the board announced today that the Carnegie Library branch of the college will be in the nature of a memorial to the late Walter Hines Page, Ambassador to Great Britain during the first Wilson administration. Mr. Page was an alumnus of Randolph-Macon College.

Twenty-three degrees, two of them honorary, were conferred at the commencement exercises today.

FLIES FROM BRISTOL  
TO CASTLEWOOD, VA.

BRISTOL, June 12.—Captain William Duff, of Castlewood, Va., piloting a 90 horsepower Curtiss Canuck plane, with R. V. Shores of Pound, Va., as a passenger in this city about 6 o'clock yesterday evening made a landing on the golf course at the local country club. Captain Duff had recently sold the machine to Mr. Shores and made the trip here while teaching him to handle it. The flight from Castlewood was made in 20 minutes.

Just as the aviators reached Bristol the intake valve of the motor blew off. They considered themselves lucky in being over the city, as they would have been forced to come down, regardless of where the accident might have taken place. No great damage was done to the plane, however, and repairs will be made here. Captain Duff and Mr. Shores expect to remain in Bristol for several days while repairs are being made to the machine.

INDIGESTION  
RELIEVED WITH  
NEW CORDIAL

New Cordial Called "Anti-Ferment." Originated by a Druggist and Recommended by Physicians. Neutralizes Acid Condition of Stomach. Prevents Fermentation and Brings Instant Relief.

MONEY BACK IF YOU ARE NOT PROMPTLY RELIEVED

Indigestion and its attendant ills such as dyspepsia, heart-burn, sour stomach, gripping pains, dysentery, cholera morbus, diarrhoea, chronic constipation, gas, etc., and even sick, nervous headaches are now directly traceable to disorders in the digestive organs.

The food we eat before it is fully digested, thus putting into solution toxic poisons that are absorbed into the system, irritating the intestines and setting up inflammation. To avoid this, you simply have to prevent fermentation by using Anti-Ferment.

Premier Wanted  
To Be Dictator

(By The Associated Press)

SOFIA, BULGARIA, June 12.—The closing phase of the Stamboulsky regime was an attempt by the former premier to seize the power as a dictator in legal form. The peasant chief on Wednesday last summoned King Boris to Shirovitz by telegraph and ordered him to sign a decree appointing Stamboulsky dictator. The King begged for two days to consider the matter and returned to his palace at Sofia. Then came a meeting of the representatives of all the parties, including the Communists, which reached a decision to overturn Stamboulsky and his ministry.

This is the story of the revolt in Bulgaria as announced by the new official information as to the effect that the Count of the Treasury found in the home of Stamboulsky in Sofia has disclosed 20,000,000 Bulgarian and 4,000,000 in foreign currency, the entire amount being estimated at 64,000,000 leva in Bulgarian currency. The foreign currency included a large amount of notes printed by the American Bank Note Company in their original packages.

The leva was quoted at 92 to the dollar last Saturday and was 88 on the Bourse at yesterday's opening. After the overthrow of the government was determined upon, an order was given to General Lamari of the reserves to command the troops in Sofia and arrests of all the ministers except Stamboulsky were printed. The announcement of normal conditions brought about the opening of all stores, banks and business offices. The new regime has been approved by the King and the followers is as ministers and the courtiers are getting to the cases.

"Christ is risen" is the greeting between citizens, and to this the reply is made: "Indeed he is risen."

HARDING FAVORS  
LASKER VOYAGE

(By Chicago Tribune Service)

WASHINGTON, June 12.—President Harding, it was learned today, looks with favor on the trip of the Leviathan which has been arranged by Chairman A. L. Lasker of the Shipping Board, leaving Boston June 19 for a six-day cruise with 400 officials and other invited guests.

In view of much criticism that has developed regarding the cruise as a "royal ride" at the expense of the government, Chairman Lasker conferred with President Harding today. Mr. Lasker insists that shipping experts and the builders advised the six-day cruise as essential before the giant liner was put into regular service beginning July 4. According to Chairman Lasker the President told him that he should carry out the advice of the experts or he would never forgive him.

Chairman Lasker today received a letter from Edward P. Farley of Chicago, who is to succeed him in Chicago. Mr. Farley stated that he found it very difficult to get his personal affairs adjusted by June 12, which day had been set for his assuming office. He stated that if Mr. Lasker would remain in office for a nadded week it would give him ample time in which to arrange his own matters as to his new responsibilities, to remain at them continuously. Chairman Lasker was able to assent and deferred his retirement for an added week to comply with Mr. Farley's desires.

## BELGRADE PROTECTS FRONTIER

(By Chicago Tribune Service)

PARIS, June 12.—The Yugoslav minister here, M. Spalakovitz, tonight told the Tribune that the Belgrade government has taken all the necessary military measures to protect its frontiers in case the Bulgarian coup d'état results in activities by the Sofia militarists.

The little entente has begun preparations for common action in case the Zankoff government mobilizes, which is a violation of the Neuilly treaty.

"The situation is very serious and peace hangs by a hair," said M. Spalakovitz.

DO YOUR KUTSUWAMUSHI  
SHOPPING EARLY!

BY C. A. CLAY

(Special to The Bee)

SEATTLE, June 12.—Buy a sushimushi and spend the difference! Or perhaps you'd rather have a kutsuwamushi.

Your wife can be the judge. They sing their way merrily through life and the majority of the world is none the wiser.

Even Mayor Edwin J. Brown of Seattle was ignorant of the existence of these melodious insects when recently Jack O'Toole, Wilmington, Del., wrote his honor asking for two of them.

"I would like, a sushimushi for my lady friend. And, if possible, two of them."

Jack had read somewhere a few fragments but intriguing facts about the sushimushi, he said, and his girl was quite delighted over the prospect of having one or a couple around the house.

He had read that Japanese crews on oriental ships brought the "suzu" over confined in repute but exquisitely cut bamboo cages about the size of a demitasse, that its note has a charming, bell-like, silvery trill, which at intervals fills a large room, that its chief food consists of fresh cucumbers once a week, the rest of the time being spent in practicing its chimes. And would the mayor please get him one and two, if possible, and send them on at once C. O. D.?

"Haw! Haw!" The mayor laughed indulgently. "Somebody's been spoofing Jack poor old chap."

But O'Toole was right. The sushimushi and the kutsuwamushi, not to mention the matsunushi, shi, exist, do sing, eat cucumbers, live in cages and are quite cultured, as bugs go.

Take this on the word of Prof. Trevor Kincaid, world-famed naturalist, of the University of Washington, who has made the acquaintance of the tuncful "mushi." These insects with a penchant for harmony are favored in Japanese households as entertaining pets, according to Prof. Kincaid. They look like a blown-up grasshopper and are raised on a large scale in breeding places just outside Tokyo. Wild species of the songsters

Take your complexion seriously

Are your pores enlarged or clogged with waste matter? Is your skin rough, unusually oily, blotched, or red? Don't neglect the treatment of these defects when Resinol Ointment and Resinol Soap usually overcome such troubles quickly and easily. Resinol Ointment soothes and heals the skin while Resinol Soap cleanses and refreshes it.

ALUMNI OF WILLIAM  
AND MARY ORGANIZE

(By The Associated Press)

WILLIAMSBURG, Va., June 12.—Formal organization of the Alumni Association of the College of William and Mary as an incorporated body, was perfected today with the acceptance of the charter and election of officers. Channing M. Hall, of Williamsburg, was elected president and W. C. Tallaferrro, of Hampton, was chosen vice president. W. T. Hodges, of Williamsburg, was elected secretary-treasurer.

The senior class exercises were held this morning and were followed by the ceremony attending the breaking of ground for the new men's dormitory, which, it is planned, will be completed late this summer.

## Thrill Of a Lifetime

As an echo to the recent Chinese bandit outrage comes this exclusive photo showing Robert Allen Jr., 11 (left), son of Major Robert Allen, Tacoma, Wash., and Roland W. Finger Jr., 8, son of Major Roland W. Finger, Berkeley, Calif. Both boys were captured with their parents. They were well treated by the outlaws, and released after four days. Bandits gave the clothing they are wearing.

## APPEAL IS MADE FOR RAILROADS

(By The Associated Press).

ATLANTA, Ga., June 12.—An appeal for the protection of the transportation interests of the country against threats of government ownership, as well as against granting to the several states power to discriminate in favor of their own traffic against interstate commerce was made today by Alfred P. Thomas, vice president and general counsel of the National Association of Railway Executives, speaking before the convention of the National Association of Credit Men.

Other notable speakers before the credit men, who opened their 28th annual convention here today, included Governor John M. Parker, of Louisiana, and former Senator Hoke Smith of Georgia.

Tomorrow's program will be devoted largely to the subject of bank and bank credits with J. H. Puelicher, of Milwaukee, president of the American Bankers' Association, making the principal address. Mr. Puelicher also will address The Robert Morris Associates, a group of bankers and bank credit men affiliated with the credit men, in the afternoon. Group meetings of credit men also will be held in the afternoon.

"The institution of private property is the corner stone of our civilization," Mr. Thomas declared in his address, pointing out that "there had been no time in the history of the country when attacks upon it, either covert or confessed, have been so constant and insistent."

"It is true," he said, "that these attacks have not as yet taken among us the form of attacks on all property, but having to begin somewhere they have begun with the property of the railroad, and while there are already indications of a purpose to extend it to other species of property, the efforts at the present time to concentrate it for the most part on properties devoted to the public service in transportation."

LOAN BOARD IS ASSAILED ON APPOINTMENTS

(By The Associated Press).

WASHINGTON, June 12.—Senator Fletcher, Democrat, Florida, assailed the recent appointments of the Farm Loan Board, claiming they were influenced by politics. He declared that so far as he had observed all directors recently appointed for the farm loan banks were Republicans and that he hoped the Farm Loan Board "would not destroy its usefulness by playing politics."

"I very much regret what seems to be the creeping of politics into administration which should distinctly be non-partisan," the Senator stated. The Farm Loan Banks has a wonderful opportunity to be of real benefit to our people if kept free of politics. They have done really valuable work and have extended to our farmers a line of credit in excess of one billion dollars. If not made an adjunct to some political machine these banks in a few years should have a credit account of several billion dollars."

## FATE OF LEADER IS YET UNKNOWN

(By Chicago Tribune Service).

ROME, June 12.—The Bulgarian legation in Rome has not been informed as to the fate of deposed premier Stamboulovsky and other members of the defeated government. Officials of the legation say that no mention whatever is made of the old ministers of state in the official dispatches they have been receiving during the last few days from the new government.

One official ventured the theory that unless the members of the old government happened to be absent or were able to get away, they probably have been arrested if a worse fate did not overtake them.

All official and semi-official dispatches from Sofia and other Balkan sources reaching Rome this evening say that no conflicts have occurred.

## TO VOTERS OF PITTSYLVANIA

I beg to announce that I will be a candidate in the democratic primary of August next, for nomination for the office of commonwealth's attorney for this county. I will feel greatly indebted and deeply grateful to every man and woman who may favor me with support. Respectfully yours,

GEORGE T. RISON, 3-25 B&T

or are feared, that all is quiet and that the population accepted the change in government peacefully and even with enthusiasm.

## INDICTMENT OF REVIVAL

(By The Associated Press).

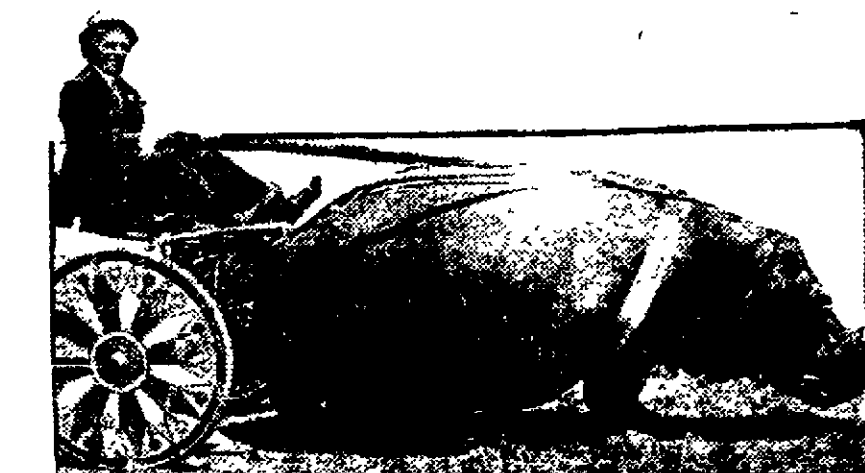

RICHMOND, Va., June 12. One indictment of an industrial revival in the state is the large number of claims being filed by industrial workers under the workmen's compensation law, according to C. J. Kizer, chairman of the Virginia Industrial Commission. Crowded docket is set for hearing by the commission Saturday, Mr. Kizer said.

## AUCTION SALE OF VALUABLE FARM LAND.

I will offer at public auction Saturday, June 15, at 11 a. m., on the premises "The Annie L. Jordan Place," (380 acre farm), 11-2 miles of Semora, N. C., on Milton, N. C.-Semora, N. C. highway. Farm consists of 6 room residence, fine well, 4 tobacco barns and out houses, 100 acres of hardwood and pine timber of which about 500,000 ft. is of commercial pine lumber. Farm is 11-2 miles of churches and good high school. Will be sold separately in tracts at first and then as a whole or part. Terms of sale 1-3 cash, balance 6 months and 12 months from date.

W. T. BRYANT, Comr. 6-9R&B

## Al's Dashing Chariot

Some folks drive a flivver. But Al G. Barnes, circus proprietor, sticks to his Lotus 5-ton Hippo. Lotus is the Hip's name. Al says traveling about circus lots in this mode is slow but sure. And he'll tell the world he doesn't have to replace worn-out spark plugs.

## PREMIER GIVEN UNTIL TODAY TO GIVE SELF UP

(By The Associated Press)

SOFLA, June 12.—Troops have been thrown around former Premier Stamboulysky's place of refuge and he has been given until tomorrow to surrender in order to avoid bloodshed.

Alexander Botoff, former president of the Sobranje (National Assembly) and former minister of Justice Doupnaroff were arrested today. (Belgrade dispatches today said Botoff was one of those at the head of a peasant revolt against the new government.)

The members of the Stamboulysky's cabinet will be detained in prison or under supervision in their homes until the new Parliament convenes and decides their fate. Partisan and overthrown government have created disturbance in some places but the authorities believe peace will be restored everywhere shortly.

The ministers of the former Guceporf and Malinoff cabinets, who were convicted of treason under the Stamboulysky regime, are expected to arrive here tomorrow.

It is certain that general elections will be held but on date the Bulgarian has yet been set. The Bulgarian ministers at Prague and Belgrade have been dismissed.

## FARMERS ARE GUESTS AT BARBECUE IN CITY

PETERSBURG, Va., June 12.—Between forty and fifty farmers of surrounding counties were the guests of honor at a Chamber of Commerce barbecue tonight in the Petersburg high school, to which place the affair was transferred from Lee Park on account of rainy weather.

Dr. J. H. Smith, president of the chamber, presided. Speeches were made by Dan Hollenga, business manager; J. B. Thomas, county chairman of Dinwiddie county, for the Tobacco Growers' Co-operative Marketing Association; Mr. Hollenga declared the salvation of the farmers of America is in the practice of the spirit of co-operation.

Charles Smith, member of the House of Delegates from Dinwiddie made an appropriate talk, touching briefly on the necessity of co-operation between city man and farmer.

The counties represented tonight were Chesterfield, Prince George, Brunswick and Dinwiddie. Among those present were Marshall C. Tucker, who is opposing C. E. Abernathy for commissioner of revenue from district No. 1 of Dinwiddie. The farmers said tonight that today's rain would be worth thousands of dollars to the farmers of surrounding counties. It is reported that the downpour prevented the presence of hundreds of farmers at the meeting.

## POLAND HONORS LORD BALFOUR

LONDON, June 13.—The University of Cracow, Poland, has conferred upon the Earl of Balfour the degree of Doctor of Philosophy. It was conferred by recognition of Lord Balfour's services to the literature of philosophy and as a tribute to his work as a statesman of international reputation.

## Billie Wants Her Ring Back

Billie Sorrels, "perfect manicurist" and beauty prize winner of Oklahoma City, received a \$750 ring from a wealthy cotton merchant. Then, say authorities, the giver and a friend successfully plotted to get it back by robbing Billie. "Husbands should buy rings for their wives," says the county attorney, who turned the ring over to the man's wife. But Billie is fighting to regain possession of it.

## CECIL'S POSITION DEFINED

(By Chicago Tribune Service.)

LONDON, June 12.—(Radio)—The position of Lord Robert Cecil with regard to the league of nations was defined in the House of Commons today by Prime Minister Baldwin. In no answering question said that there had been no such appointment as minister for the league of nations. He explained that Lord Robert represented the government in the council of the league precisely as Lord Balfour had done. He added that all questions relating to the league should be addressed to the foreign minister and not Lord Robert.

## FOREIGN BORN ARE WARNED TO LEAVE THE CITY

FREDERICKSBURG, Va., June 12.—Several foreign-born merchants have received additional letters warning them to leave the city by July 1. The messages, believed by local authorities to have been written by the same person or persons who several months ago warned a number of foreigners to "get out or be blown out" were received by mail Monday. The notes:

## NEW GOVERNMENT MANIFESTO OUT

(By The Associated Press.)

SOFLA, June 12.—The Zankoff government has issued a manifesto in which it "clearly declares it is ready to execute loyally the Versailles treaty stipulations with respect to the dignity of the great powers." Bulgaria adds the manifesto "is absolutely opposed to any sort of war-like adventure."

## SAILOR HELD CROWD AT BAY

(By The Associated Press.)

TAMPA, Fla., June 12.—Pointing a twenty-five cent harmonica at his pursuers, Will L. Loder, a seaman held three policemen and scores of citizens at bay here tonight for more than thirty minutes until all available policemen responded to a riot call arrived, made a concerted attack and overpowered him. Loder was said to have been making an attempt to rob a filling station when discovered by the police. Seeing the officers the seaman jerked a "shiny" object out of his pocket, placed it in the crook of his arm, took aim and waited for the officers to advance. A crowd quickly gathered, but none ventured close to him.

## GOVERNOR ANNOUNCES DESIGNATION OF JUDGES

(By The Associated Press.)

RICHMOND, Va., June 12.—Governor Trinkle today announced the designations of judges to sit in three courts of the state in the absence of the regular judges. Judge Henry W. Holt, of Staunton, will preside over the Dinwiddie County court during the illness of Judge Robert G. Southall. Judge J. T. Clement of Chatham, was appointed to hold the June term of court in Prince Edward county. Judge B. D. White, of Princess Anne county, was designated to preside at the June term of the Cumberland county Circuit Court in place of Judge George J. Hundley, who is ill.

## Super-Dreadnaught of Air Will Carry Giant Bomb

BARLING B OMBER, SUPER-DREADNAUGHT OF THE AIR.

(Special to The Bee.)

DATON, O., June 12.—Within the next two weeks the Barling bomber, the greatest airplane of its kind in the world, will be taken into the air to see how she performs. The Barling illustrates in startling fashion how war-making machines have developed. Back in 1918 the Spanish Armada was considered a "super-fighting machine." It consisted of about 120 ships with a total tonnage for all of only 58,126 tons.

The new bomber has a wing spread of 120 feet, the fuselage is 55 feet long and 10 feet in diameter. It will mount seven machine guns, capable of being fired from any angle of the circle and is built to carry the "giant" bomb weighing 12,000 pounds. It is driven by six 450-horsepower Liberty motors and it is being put through a series of ground tests preliminary to the maiden flight. Lieutenant Harold R. Harris and Leigh Wade have been nominated to fly her the first time.

The bomber weighs 60,000 pounds and two army tractors were needed to haul it from the hangar in which it will be flown. The "terror" of the air is so large that it was necessary to apply the wings out in the open. It is the general understanding about Wilbur Wright Field that upon the successful flight of the Barling will hinge the construction of other planes along the same but larger general lines.
